The Cover

The cover for this past year's Annual Reports features a graph showing Barrington's population growth from 1970 to the present. Readily apparent is the relatively steady increase in population over the years depicted. This increase represents an average growth rate of 242 people per year. It is interesting to note that with the issuance of 60 building permits per year and an assumed occupancy of 4 persons per building, a rate of 240 people per year is obtained.

If a shorter and more current time base is used, such as from 1977 through 1983 which includes the national economic downturn period, the average rate of population increase turns out to be 243 people per year.

To sensibly manage growth it's important to compare the growth in Barrington with the growth in Strafford County over the same time period. According to population data provided by the NH Office of State Planning, Barrington's population has grown 181.98% since 1970 while Strafford County's population grew only 25.88% for the same period. A simple comparison for this period shows that Barrington's population grew 7 times faster than the county's.

From 1980 to 1983 Barrington's population increased by 19.41% while Strafford County grew only 3.91%. Although the rate of growth has been slower since 1980 than in 1970's, population numbers show that Barrington is still growing 5 times faster than Strafford County.

The results of the 1984 Community Attitude Survey show that a vast majority of the respondents feel that Barrington is growing too rapidly. Similar attitudes were expressed in previous surveys. These feelings are supported by the findings presented above.

This year's report of the Planning Board contains a summary of activities and a discussion of what is being done to address this growth.

Memo to the Town Government

It can be said that 1984 was a pivotal year for Barrington.

Resident population passed the 5,000 mark and using 1970 as base with data provided by planning, the 10,000 people plateau may come before the year 2,000.

None of us are ready for this. We live in an environment we consider precious hoping that much of our town will stay as woods and wildlife, hoping that progress will pass us by.

Not so! New Hampshire is very attractive to both worker and industry alike. As indicated in recent news reports, the seacoast is about the last so-called "virgin territory in the "southern tier" and those planning to relocate will be heading our way.

If one accepts growth as a fact the one must also accept that with growth come increases in demands for service resulting in increases in cost of government.

We who work for you try hard to keep costs down and under control. The question is - how much longer can your town agencies, police, fire, highway etc. designed to serve populations of around 2,000, serve populations of 5,000 and growing.

It will take all in town government working together to plan for what is to come to insure that our town remains an attractive and nice place to live.

Our thanks to all departments for another job "well done".

George T. Musler
Chairman,
Board of Selectmen

ROGER LOCKE CALEF

Roger Locke Calef was a quiet unassuming man, a friend to all and a man who found countless ways of doing things for others.

He was born in Barrington, July 31, 1924 and he spent his entire life in this town except for three years during World War II.

He graduated from Barrington School, Dover High School and MacIntosh Business College. As a boy, he worked at Calef's Store after school and vacations and he found his natural place in the store with his grandfather, father and uncle.

Years later he became the owner and in the last few years was joined by his wife, Alberta, daughter, Andrea and oldest son Bill.

In spite of his work at the store he was a Captain for the Barrington Volunteer Fire Department and its secretary for eighteen years, a Strafford County fire warden and a long time president of the Barrington Cemetery Association. He was Barrington's first Cub Scout director, and served on several school building committees. He was a member of the Barrington Congregational Church, a former charter member of Hanson-Kelliher VFW Post #6804, and in later years a member of the Barrington Library Association.

Roger was Barrington and though he is sadly missed, his spirit lives on among those of us who knew and loved him.

Earl Colby - 1917 - 1984

Selectman for two years
Building Inspector for four years
Resident of Barrington for 40 years
Veteran of World War II
Member of the Grange

Saturday 8:00 am - 5:00 pm

II. TOWN MEETING

We felt it would be beneficial to all residents of Barrington to impress upon everyone that anyone coming to the Town Clerk to register a car M U S T have proof that his/her resident tax has been paid. It is really important to save all receipts for any and all taxes paid (including inventory receipt). Motor vehicle registrations and fishing/hunting licenses require proof that your resident tax has been paid.

We would also like to include the information that the Tax Collector has a separate telephone number in the office. To reach the Tax Collector, dial 664-2230

CABLEVISION ACKNOWLEDGEMENT

The Selectmen want to take this opportunity to thank all the citizens who started on the Cablevision Advisory Committee in 1982. Most attended several meetings and did contribute to the sessions. George Seaver did a fine job as Chairman of the Active Committee which carried out all the preliminary investigations and contacts with other Companies.

The 3 - member Supervisory Cable Committee who carried on after the franchise agreement was signed need to be thanked for their willingness to continue in a frustrating situation. We are extremely sorry that Cablevision did not become a reality in Barrington, but we did try, and we learned a lot. Again, thank you to everyone who took part in this "learning experience".

At a legal meeting of the inhabitants of the Town of Barrington in the County of Strafford in said State, the following action was taken on the Town Warrant. On Tuesday, the 13th day of March the polls were opened at 10:00 A.M. and closed at 6:30 P.M. The Article of Business were acted upon on Wednesday, the 14th day of March 1984 at 7:00 P.M.

The meeting was called to order by Moderator Frederick N. Timm at 7:00 P.M.

Number of eligible voters on check list:	2389
Number of votes cast by official ballot:	423
Number of votes cast by absentee ballot:	14

ART. 1 To vote by ballot on the following question: Are you in favor of the adoption of the amendments to the Building Code, and Zoning Ordinance Regulations as proposed by the Planning Board.

BUILDING CODE CHANGES

ART.III Changed from:

Section 1. All dwellings will be placed upon a slab, wall or pier type of foundation. Foundations shall be constructed of solid concrete, brick, concrete blocks, cinder blocks, stone or other durable materials and shall be carried below the frost line or to bedrock.

ART.III Changed to:

Section 1. All dwellings will be place on a slab or wall type of foundation. Foundations shall be constructed of solid concrete, brick, concrete blocks, cinder blocks, stone or other durable materials and shall be carried below the frost line or to bedrock.

VOTES CAST: Yes: 198 No: 225

It was voted by the Town not to accept the adoption of the proposed amendment.

ART.IV Changed from:

Section 4. Each application for a permit shall be accompanied by a plan or sketch showing the location of the dwelling or structure on the lot, dimensions and area of the dwelling or structure, and State approval of water and sewer services. (Ref. RSA 149-E).

ART.IV Changed to:

Section 4. Each application for a permit shall be accompanied by a plan or sketch showing the location of the dwelling or structure on the lot, dimensions and area of the dwelling or structure, and State approval of water and sewer services, including state approved plan for septic

11. systems. (Ref. RSA 149-E)

VOTES CAST: YES: 306 NO: 113

It was voted by the Town to accept the adoption of the proposed amendment.

ZONING ORDINANCE CHANGES

ART. XII

Section 5a. Anyone failing to qualify for a permit, thru the point system for two, (2) consecutive months shall become #1 applicant for a permit the third month.

VOTES CAST: YES: 305 NO: 72

It was voted by the Town to accept the adoption of the proposed amendment.

Section 5b. Change in a dwelling from seasonal to permanent use would require inspection and approval by the Building Inspector and Water Supply and Pollution Control Commission. (RSA 149-8)

VOTES CAST: YES: 305 NO: 111

It was voted by the Town to accept the adoption of the proposed amendment.

Definition:

Seasonal Dwelling - one that is normally used between April 15 and Oct. 15.

These changes to become effective on passage.

ART. 2 The following Town Officers were elected:

Selectman for three years	
Patricia R. Newhall	250 votes
Auditor for three years	
Lynda Sanders	382 votes
Town Trustee of Trust Funds for three years	
Dorothy B. Berry	398 votes
Moderator for two years	
Frederick N. Timm	388 votes
Supervisor of the Check List for three years	
Rose L. Fogg	415 votes

The following candidate for Town Office was not elected
Lawrence E. Dubois (Selectman for 3 years) 175 votes

ART. 3 It was voted by the Town to continue the three year term of office for the Tax Collector, Town Clerk and Treasurer.
Motion: G. Musler - P. Newhall

ART. 4 It was voted by the Town to authorize the Selectmen to appoint all other necessary town officers.
Motion: G. Musler - C. Soule

ART. 5 A motion was made by Patricia Newhall, "I move the acceptance of the report of town officers and agents, as contained in the Town Report, with the following changes:

Instead of reading on Page 25 in your Town Report under "Approved, 1983 budget", it should read: "Detailed Statement of Expenditures." That is the detailed list of expenses for the year 1983.

On Page 29, the total should read 558, - - now, the total that's in your book, that says: "total expended, one hundred and seventy-eight thousand," is the total for the highway department.

The total, detailed statment of expenditures has no total. So, the total for the whole statement should read: \$558,596.84. Those expenditures do not include Granville Drive and the cemetery, since those are in-and-out items.

On Page 53 is the BEMS report, treasurer's report; and there are a couple of minor changes in that report.

Under the total column, the additional line, over on your right-hand side, the figure in there is \$3,908. That three is a typographical error. The total should read: \$908.80. So, just scratch that three out of there.

The heading under expenditures should read, instead of town, it should read appropriated. That was the amount that was appropriated for the BEMS.

Instead of BEMS, it should read spent. That's the total that the BEMS spent out of their town budget. And the third column should be headed BEMS. That's the money that they spent out of their own treasury. Everything else is the same on that page. All figuring is okay.

The only other addition that we would like to bring up at this point is: We would like to add \$10,000 to the last line of your budget, which is Page 16, which reads: "state audit".

We had figured that the state had given us a rough figure of \$5,000 providing they did not find any problems or have to go back too far. Since the town has never been audited, they are having a rough time. We have already gone over the five thousand that they recommended. So., we would like to add \$10,000 in that line item, to cover the state audit; and that would increase your total, under 1984 appropriations, to six five seven, two or five fifty. Motion seconded by G. Musler. the town voted to accept this article as amended.

ART. 6 Mr. Soule; I move to amend ART. 6, "to see if the town will raise and appropriate and expend the amount of \$574.573 to cover all items in the budget not covered by articles in the warrant. Motion seconded by P. Newhall.

It was voted by the town to accept ART. 6 as amended.

ART. 7 It was voted by the Town to raise, appropriate and expend \$35,000 to repair and renovate the Town Hall and drill a well. Motion: C. Soule - S. Bigelow

13.

ART. 8 It was voted by the Town to authorize withdrawal by the Selectmen from the Federal Revenue Sharing Fund for use as a set off against the following debt services:

Purpose	Principle	Interest
International Truck	\$ 5,166.67	\$ 490.83
IBM Computer	2,000.00	215.00
Ambulance	3,200.00	320.00
Compactor Site	8,000.00	1,240.00
	<u>\$18,366.67</u>	<u>\$2,265.83</u>

Motion: C. Soule - E. Thompson

ART. 10 It was voted by the Town to authorize the Selectmen to withdraw from the Federal Revenue Sharing Funds the amount of \$2,000 to apply to the cost of the State Audit.

Motion P. Newhall - D. Hatch

ART. 11, 12, and 13, MODERATOR: The State Department of Revenue Administration has recommended that Articles 11, 12 and 13 are not needed. Therefore, we do not need to act on them. I hereby declare them invalid.

ART. 14 It was voted by the Town to create a Capital Reserve Fund of \$10,000 towards the purchase of a new fire engine.

Motion: A. Calef - A Thompson

ART. 15 It was voted by the Town to create a Capital Reserve Fund of \$4,000 towards the purchase of a new ambulance.

Motion: G. Musler - S. Bigelow

ART. 16 It was voted by the Town to create a Capital Reserve Fund of \$1,000 for the purpose of maintaining and repairing the compactor and includes the provision that expenditures can be made in case of maintenance and repairs.

Motion: P. Newhall - M. Buxton

ART. 17 "To see what sum the town will vote to raise and appropriate, in support of the Lakes Region Association, for the purpose of publicizing and promoting the natural advantages, as well as the preservation of the natural resources of the town, in cooperation with other towns in the Lake Region.

The town voted this article, "Inexpedient to legislate"

Motion: D. Stevenson - G. Musler

ART. 18 It was voted that the Town will authorize the Selectmen to borrow in anticipation of taxes.

Motion: C. Soule - P. Newhall

ART. 19 It was voted by the Town not to discontinue the one percent discount of early payment of property taxes.

Motion: C. Soule - P. Newhall

ART. 20 It was voted by the town to authorize the Selectmen to

apply for, accept, and expend, without further action by the Town Meeting, money from the state, federal, or other government unit or any private source which becomes available during the fiscal year. This is a part of Chapter 31.

Motion: G. Musler - A. Thompson

ART. 9 It was voted by the Town to authorize the Selectmen to withdraw from the Federal Revenue Sharing Funds the sum of \$10,000 for the purchase of a new police cruiser.

Motion: C. Soule - E. Thompson

ART. 21 A motion was made by P. Newhall that the town vote to put the tax collector on a salary of \$6,500 and the deputy tax collector on a salary of \$2,000. Motion seconded by G. Musler

YES: 86 NO: 79 Motion carried

ART. 22 It was voted by the Town to elect by majority vote, two members for three years to the Advisory Budget Committee

Motion: G. Musler - P. Newhall

Nominees: Louis Monti, Ben Andrews, Douglas Thompson and Wallace Flaherty

A request was made in favor of reconsidering the motion on

ART. 22 Request was agreed upon by the Town.

A motion was made that the Town elect by majority vote, four members for three years to the Advisory Budget Committee

Motion: D. Thompson - G. Musler. MOTION carried.

Elected: L. Monti, B. Andrews, D. Thompson and W. Flaherty.

ART. 23 It was voted by the Town to authorize the Selectmen to dispose of those items designated as surplus.

Motion: G. Musler - P. Newhall

ART. 24 It was voted by the Town to revoke the Barrington road ordinance of March 10, 1976, and delegate to the Selectmen the authority to accept, conditionally accept, or reject, on behalf of the town, any new street or road constructed in accordance with the street design and construction requirements of the Barrington Subdivision Regulations.

Motion: C. Soule - P. Newhall

ART. 25 "To see if the Town will vote to upgrade from Class VI to Class V a section of Smoke Street running from that portion of Smoke Street currently maintained by the Town to a point just beyond Cyr's driveway."

Motion: C. Soule - G. Musler Motion did not pass

ART. 26 "To see if the Town will accept a road called Mica Point Road as a town-owned and maintained Class V road. The road is laid out by the Planning Board in subdivision file number 87, dated May 11, 1978." Motion G. Musler - L. Monti Motion did not pass.

ART. 27 It was voted by the Town to accept Partridge Drive as a Town road. Motion: M. Richard - G. Musler.

15.

ART. 28 It was voted by the Town to abandon a section of road known to some as the Pinkham Road, starting at Route 4, and running north by east, a distance of 300 feet to an iron pipe.

Motion: G. Musler - P. Newhall

ART. 29 "To see if the town will accept a road called Boyle Lane as a town-owned and maintained Class V road. The road is as laid out by the Planning Board in an accepted subdivision file number 2, September 9, 1974." A motion was made by S. Boyle that this article be inexpedient to legislate. Motion seconded by G. Musler. It was voted by the town inexpedient to legislate.

ART. 30 "To see if the Town will accept a road called Caldwell Lane as a town-owned and maintained Class V road. The road is laid out by the Planning Board in subdivision file number 38, September 17, 1976, by petition."

A motion was made by S. Boyle and seconded by G. Musler that this article be moved as inexpedient to legislate. The town moved that this article is inexpedient to legislate.

ART. 31 It was voted by the Town to drop the bars on a portion of the Lee Road, beginning at the Province Road and proceeding approximately 800 feet to a turn-around. By doing so, the town will reclassify the Lee Road, as designated and described, a Class V road, meaning that the Town will accept maintenance of the portion of Lee Road, as described. Motion: T. Hannigan - G. Musler

ART. 32 "To see if the Town will accept a road called Lily Pond Road as a town-owned and maintained Class V road. The road is laid out by the planning board in subdivision file number 103, dated April 12, 1979. A motion was made by M. Bliss and seconded by P. Newhall that this article be moved as inexpedient to legislate. The town voted this article as inexpedient to legislate.

ART. 33 "To see if the town will accept a road called Chesley Drive, as a town-owned and maintained Class V road. The road is laid out by the planning board in subdivision file number 103, dated April 12, 1979." A motion was made by M. Bliss and seconded by C. Soule that this article be moved as inexpedient to legislate. The town moved this article as inexpedient to legislate.

ART. 34 It was voted by the town to authorize the Selectmen to sell the following town property as nonbuilding lots at a public auction. Long Shores Lot 246; Long Shores Lot 431; Long Shores Lot 433. Motion .G. Musler - Pat Newhall.

ART. 35 It was voted by the town to send a message calling on the New Hampshire General Court to legislate protection from rate shock and impositions of Seabrook project cost overruns on the economy of the state, and all classes of electric taxpayers, to limit the cost allowed in the rate base, if the project is completed, to the cost projected by Public Service Company, and approved by the Public Utilities Commission's site and facility permit. This is a matter of urgent public

interest. The legislature should act without further delay. Motion:
G. Musler - P. Newhall.

ART. 36 A resolution was made by P. Newhall and seconded by Lou Monti that the Selectmen be directed to include in the 1985 warrant, an article to eliminate the elected office of town auditors and hire a certified auditor to audit the town books each year. The town voted to accept the resolution.

A motion was made by G. Musler and seconded by P. Newhall to adjourn the meeting at 10:35 P.M.

A true copy of the Warrant, attest:

Muriel T. Leocha, Town Clerk

PATROLMAN " AL " GREENWOOD

Al is the newest member of the Barrington Police Department joining the force in September of 1984. Al resides with his wife "Dell" at B.M.W.E. and is employed at Janco's in Rollinsford in a supervisory capacity. He attended and successfully completed the Part-Time Officers Training school conducted by the Police Standards and Training Council, a must for all who wish to be Police Officers in the State of New Hampshire.

At a legal meeting of the inhabitants of Barrington on Tuesday, May 29, 1984, the following votes of those present and qualified to vote, were by them in open meeting given in to the moderator and said moderator, in said meeting in presence of the selectmen and clerk, sorted and counted said votes, and at the close of the poll made a public declaration of the whole number of ballots given in, with the number of votes for and against each proposed amendment, as follows:

Number of registered voters: 2,433
 Number of votes cast: 91

The polls were opened at 10:00 A.M. and closed at 6:30 P.M.

The meeting was called to order by Moderator Frederick N. Timm.

BUILDING CODES

Are you in favor of the adoption of amendment #1 as proposed by the Planning Board for the Town Building Code as follows:

1. That ARTICLE III of the Building Code be amended to add the following section.

"5. Every single family dwelling or single-family dwelling unit within a multiple-family dwelling which is built or substantially rehabilitated after March 8, 1983 shall be equipped with an automatic fire warning system consisting of smoke detectors or other appropriate fire warning devices."

YES: 81 NO: 10

Are you in favor of the adoption of amendment #2 as proposed by the Planning Board for the Town Building Code as follows:

2. That ARTICLE IV of the Building Code be amended to add the following section:

"8. No building permits will be issued within subdivisions, created after the passage of this addition to the Building Code, unless the sub-divider brings all roads up to and through the final gravel stage, according to town specifications. A bond must be then posted with the town for the completion of the road; amount of bond to be determined by Road Agent.

Upon completion of 80% of the sub-division, either lots transferred or built upon, the sub-divider must complete

19.

the road, according to town specifications within six months. No further permits will be issued until the road is complete. On completion of the road to town specifications, it will become a town road by the legal process of transfer from the sub-divider, to the town.

YES: 72 NO: 18

ZONING ORDINANCE

Are you in favor of the adoption of amendment #1, as proposed by the Planning Board for the Town Zoning Ordinance as follows:

1. That Section 7.(a)1 of the present Zoning Ordinance is as follows:

"The minimum lot area in an agricultural-residential district shall be 80,000 square feet with an additional 40,000 square foot requirement for each additional dwelling unit under a common roof."

That the Planning Board recommends that Section 7(a)1 be amended as follows:

"That the minimum lot area in an agricultural-residential district shall be 80,000 square feet with an additional 40,000 square foot requirement for each additional dwelling unit under a common roof, this requirement includes one (1) bedroom apartments."

The minimum lot area in an agricultural-residential district for multi-bedroom apartments and condominiums shall be 80,000 square feet with an additional 80,000 square foot requirement for each additional dwelling unit in an apartment building or on the condominium premises."

YES: 57 NO: 34

Are you in favor of the adoption of amendment #2, as proposed by the Planning Board for the Town Zoning Ordinance as follows:

2. That Section 7(a)8 of the present zoning Ordinance is as follows:

"The maximum building height of any building in an agricultural-residential district shall be forty (40) feet, and the maximum number of stories of any building within an agricultural-residential district shall be 2+ stories."

That the Planning Board recommends that Section 7(a) be amended as follows:

"The maximum building height to the base of the roof of any building in an agricultural-residential district shall be thirty-five (35) feet, and the maximum number of stories of any building within an agricultural-residential district shall be 2½ stories." (proposed amendment is underlined)

YES: 68 NO: 23

Are you in favor of the adoption of amendment #3, as proposed by the Planning Board for the Town Zoning Ordinance as follows:

3. That Section 7(c)8 of the present Zoning Ordinance is as follows:

"The maximum height of any building in Zone B shall be forty (40) feet."

That the Planning Board recommends that Section 7(c)8 be amended as follows:

"The maximum height of any building in an agricultural-residential-commercial district in Zone B shall be thirty-five (35) feet." (proposed amendment is underlined)

YES: 63 NO: 27

are you in favor of the adoption of amendment #4, as proposed by the Planning Board for the Town Zoning Ordinance as follows:

4. That the Planning Board recommends that the following amendment be added to the Ordinance and entitled Section 7(c)12.

"That the provisions of Section 7(a)1 through 7(a)11 are incorporated into the within Section governing uses and lot sizes for Zone B for any use of a non-commercial nature." (proposed amendment is underlines)

YES: 56 NO: 28

Are you in favor of the adoption of amendment #5, as proposed by the Planning Board for the Town Zoning Ordinance as follows:

5. That Section H of the Definitions section of the present Zoning Ordinance is as follows:

"H.Lot. A parcel of land occupied by one building or Mobile home and the accessory buildings or uses customarily incident to it.

21.

That the Planning Board recommends that Section H of the Definitions section be amended as follows:

"H. Lot A single tract or parcel of land in the same ownership and occupied by, or designed to be occupied by, one principal building and its accessory buildings or uses customarily incident to it, with such other open spaces and yards as are required by this ordinance."

YES: 65 NO: 23

A TRUE COPY, ATTEST:

MURIEL T. LEONARD
TOWN CLERK

THE STATE OF NEW HAMPSHIRE
TOWN WARRANT

22.

To the Inhabitants of the Town of Barrington in the County of Strafford in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the auditorium, Barrington Community Building in said Barrington on Tuesday, the 12th day of March next at ten of the clock in the forenoon.

Polls open at 10:00 A.M.
Polls close at 6:30 P.M.

Articles of business to be acted on Wednesday, March 13, 1985 starting at 7:30 P.M.

Article 1. To vote by ballot on Tuesday for the following questions:

1. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance, as follows:

The proposed Amendment is entitled a "Growth Management; Interim Regulation" and deletes and replaces the Growth Control Ordinance contained in Article XII of the present ordinance. The "Growth Management; Interim Regulation" shall be of a term of a maximum of one year so as to allow the Planning Board adequate time to (1) complete a capital improvement program; (2) consider altering the Town's Master Plan, and; (3) consider a growth management ordinance for a term in excess of one year. The proposed Ordinance limits building permits for new single family residential units and mobile homes to 60 per year and limits building permits for new single bedroom dwelling units to 30 per year.

2. "Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town of Barrington, which will delete the present Section 7.(c) 11 and will replace this section with the following:

"All land abutting a state highway is designed as being located in the Agricultural - Residential - Commercial Zone (Zone B). Pursuant to Section 5.1 of the within ordinance, the specific area of said zone is delineated on the town zoning map."

23.

(BRIEF TOPICAL DESCRIPTION OF AMENDMENT: Article 7.(c) 11 of the present Zoning Ordinance provides that all frontage of state highways has the potential for commercial development, however, the present Ordinance contains a limitation that no more than a total of 20% of this frontage per lineal mile may, in fact, be developed for commercial use. The Planning Board proposes that the 20% limitation in Section 7(c) 11 be deleted. The result of said deletion shall be that all frontage on all state highways may be developed for commercial use.)

3. "Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town of Barrington as follows:

"That the present Section 7.(c) 3 of the Barrington Zoning Ordinance which provides as follows: "The minimum street frontage requirement in Zone B for a commercial use shall be 400 feet.", shall be deleted and replaced by the following:

"The minimum street frontage requirement in Zone B for a commercial use shall be 400 feet with the following exception:

(a) Access to a parcel of land in Zone B may be provided over a right of way having a maximum length of 50 ft. wide right of way from a state highway, provided said parcel meets all other dimensional requirements of Section 7(c) of the within Ordinance. The right of way shall be constructed to town roadway specifications."

(BRIEF TOPICAL DESCRIPTION OF AMENDMENT: Under the present Section 7(c) 3, all commercial uses are required to have 400 feet of highway frontage. The proposed amendment permits commercial uses in the zone without highway frontage as long as the lot is serviceable by a right of way built to town specifications and complies in all other respects with the zoning ordinance.

Article 2. To choose all necessary Town Officers by ballot and majority vote, including:

One Selectman for three years
One Auditor for three years
One Trustee of Trust Funds for three years
One Town Clerk for three years
One Tax Collector for three years
One Treasurer for three years
One Special Library Trustee for three years

Article 3. To see if the Town will authorize the Selectmen to appoint all other necessary town officers.

Article 4. To see if the Town will vote to accept the reports of its officers, and agents as contained in the Town Report.

Article 5. To see what the Town wishes to do about the salaries of certain town officers.

Article 6. To see if the Town will vote to raise, appropriate and expend the amount of \$ to cover all items in the budget not covered by articles in the warrant.

Article 7. To see if the Town will vote to authorize, as required under RSA 36:46 II, membership in the Strafford Regional Planning Commission and appropriate the sum of Three Thousand Three Hundred Thirteen Dollars (\$3,313.00) as dues for membership in the Commission for one year.

Article 8. To see if the Town will vote to authorize the Planning Board to prepare and amend, as needed, a recommended program of municipal capital improvement projects for a period of at least 6 years, as authorized under RSA 674:5.

Article 9. To see if the town will vote to authorize withdrawal by the Selectmen from the Federal Revenue Sharing Fund the sum of \$11,000 to be used as the first payment on the lease/purchase agreement for a backhoe.

Article 10. To see if the Town will vote to authorize withdrawal by the Selectmen from the Federal Revenue Sharing Fund the amount of \$4,150 as Barrington's share of the cost of revitalizing the dispatch equipment operated by the Strafford County Sheriff's Office.

Article 11. To see if the Town will authorize the Selectmen to spend up to \$59,000 for a new town truck outfitted with plow and sander.

Article 12. To see if the Town will vote to authorize withdrawal by the Selectmen from the Federal Revenue Sharing Fund an amount of \$8,620 for the use as a set-off against the following debt service:

Compactor	\$8,000	+	\$620	=	\$8,620
-----------	---------	---	-------	---	---------

Article 13. To see if the Town will vote to raise, appropriate, and expend the amount of \$5,500 in settlement of legal fees to the New Hampshire Legal Assistance Association.

Article 14. To see if the Town will vote to eliminate the Pine Grove Cemetery Trust Fund and authorize the management of all cemetery monies by the Town Treasurer (in a cemetery fund.)

Article 15. To see if the Town will authorize the expenditure of \$3,000 from the Pine Grove Cemetery funds for cemetery maintenance.

Article 16. To see if the Town will vote to raise the sum of \$20,000 to be added to the Fire Truck Capitol Reserve Fund.

Article 17. To see if the Town will vote to raise the sum of \$4,000 to be added to the Ambulance Capitol Reserve Fund.

25.

Article 18. To see if the Town will vote to authorize the Selectmen to hire an auditing firm for 1985 at a figure of \$5,000 to work with the town auditors until their present terms have expired as scheduled.

Article 19. "To see if the Town will layout and rebuild a section of the Beauty Hill Road beginning at the intersection of Hall Road, continuing westerly for approximately one and three quarter miles to its intersection with Young Road and to see what sum of money the Town will raise and appropriate to rebuild the section of road or any portion thereof estimated to be \$60,000 per mile or a total cost not to exceed \$105,000. (By Petition).

Article 20. To see if the Town will vote to raise, appropriate and expend the sum of \$79,000 to upgrade and seal that portion of Wood Road (1.22 mi.) still gravel. (By Petition).

Article 21. To see what sum the Town wishes to appropriate to correct the seepage problem existing along the North wall of the Town House. (By Petition).

Article 22. To see if the Town will vote to authorize the Selectmen to contract management and maintenance of the Town's auditorium to the Barrington School Board for the period of July 1, 1985 to March 1, 1986.

Article 23. To see if the Town will vote to extend Social Security coverage to all workers.

Article 24. To have the cemetery rules regarding flowers be changed from "No Planting Allowed" to "allow planting of flowers, no trees or shrubs, in front of stones or on sides up to 10 inches and the width of the base". (By Petition).

Article 25. To see what sum the Town will vote to raise, appropriate and expend in support of the Lakes Region Association for the purpose of publicizing and promoting the natural advantages, as well as the preservation of the natural resources of the Town, in cooperation with other towns in the Lakes Region.

Article 26. To see if the Town will vote to set aside a defined portion of the Town owned property adjacent to Smoke Street for use by the Veteran's of Foreign Wars. Said property to be used as a site for a building that the VFW will locate and maintain for their meetings and the meetings and activities of certain other local organizations.

Article 27. To see if the Town will vote to authorize a 1% discount on property tax payments made within 15 days after date of issuance.

Article 28. To see if the Town will authorize the Selectmen to borrow in anticipation of taxes.

Article 29. To see if the Town will authorize the Selectmen to apply for, accept, expend, without further action by the Town Meeting money from the State, Federal or other government unit or any private source which becomes available during the fiscal year. (Ef RSA Chapter 31).

Article 30. To see if the Town will vote to elect by majority vote two members for three years to the Advisory Budget Committee.

Article 31. To see if the Town will authorize the Selectmen to dispose of those items designated as surplus.

Article 32. To see if the Town will authorize the Selectmen to sell the following Town property as a non building lot at public auction.

Long Shores Lot E-4

Article 33. To transact any other business that may legally come before said meeting of the honorable Town government.

Given under our hands and seal, the 19th day of February, in the year of our Lord Nineteen Hundred and Eighty Five.

IV. REPORTS OF TOWN OFFICERS, AGENTS AND ORGANIZATIONS

Through the funding of the Road Program over the past six or seven years the Town has maintained over fifty miles of Class V roads and improved certain roads selected each year. We have improved, rebuilt or paved all or sections of Smoke St. Brewster, Scruton Pond, Meadowbrook, Steppingstone, Goldencrest, Wood (including bridge replacement); Woodhaven Lakeshore, Fogarty, 2nd Crown Point, Canaan, Back Canaan, Old Canaan, Brooks, Tolend culvert and all bridge rails. Under the road seal program all tarred roads have been sealed at least once, ditched and brush cut.

The 1985 Proposed Highway Budget reflects a continuation of an effort to keep up with road needs. Growth in Town has adversely impacted the roads; we must plan for increases in road use as well as other services. Motor vehicle registrations in Town have increased by more than 1000 issued permits since 1980 or about a 25% increase. Since 1974 motor vehicle registrations have just about doubled and more than tripled since 1970. We only have to negotiate our fifty plus miles of Class V roads in the family auto to clearly impetrate the need for continued road improvements.

Under separate article in the warrant we're asking for a new Town truck, plow and sander. This unit is a necessary addition to the department and with the one Town truck now in service should allow better service in the winter months for hauling, plowing and sanding. We are also asking for permission to lease with intent to buy a backhoe. The sum to pay the first year's rent is asked for from the Revenue Sharing account. It cost us almost \$10,000 in backhoe rental in 1984 and an additional \$6000 for loader rental. We expect we can do more maintenance work with an inhouse backhoe in a more timely manner.

This year the Town crew cleared land next to the dump and with the help of local contractors and Charlie Soule built a two bay shed for cover and maintenance of vehicles.

I express the fullest measure of gratitude to finally have a place for maintenance of the Town's equipment out of the weather. To fully understand the town crews gratitude imagine yourself outside in below zero temperatures changing the water pump on the old GMC being pushed along by the expectation of an impending storm.

In accordance with Planning Board rule changes the Selectmen accepted several roads as class V Town roads including Muchado Drive, Lily Pond Road, Chesley Drive, Mica Point, Shady Lane, Caldwell Lane, Boyle Lane, Partridge Drive, Leanna Drive. These amount to about 2.22 miles.

Our crew, Mike Morrissey and Peter Cook, and I ask your continued support through your vote to fund the highway budget.

Respectfully submitted

Ronald Landry
Road Agent

New Town Barn

Road Crew, Peter Cook, Ron Landry and Mike Morrissey

We are concerned with the number of dogs that have been running loose. All dogs must be under the control of the owner. Any of these dogs caught are subject to a minimum of a \$25.00 fine and a maximum of \$100.00 fine.

Also, dogs caught running deer can be shot by any Conservation Officer, State Police Officer, Dog Constable, or any New Hampshire certified Police Officer. The owner or owners of any dog caught in the act may be fined up to \$500.00.

To be reached call either the Town Hall and leave a message or Strafford County Dispatch, 742-4968 or 664-2700.

THE BARRINGTON FIRE DEPARTMENT

The Barrington Fire Department responded to 137 emergency calls during 1984. These included 31 chimney fires, 25 accidents, 8 structural and 9 vehicle fires, 24 woods and grass fires, 5 illegal burns, 8 smoke investigations, 8 service calls, 3 false alarms and 1 bomb scare.

We responded men and equipment out of Town mutual aid 15 times and received aid from the Towns of Rochester, Strafford, Northwood, Madbury, Lee and Durham 6 times. Neighboring town response depends on area of Barrington requiring assistance.

The 664-7700 telephone number is the fire alarm and emergency number and is not to be used for information.

Chimney fires are unnecessary, large in numbers and reflect failure to properly maintain smoke pipe and chimney.

The Fire Department cannot issue permits for outside fires. This is the responsibility of the Forest Fire Warden. We do not do swimming pools, wells or cats.

Respectfully Submitted

Sumner A. Hayes, Chief

REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a \$1000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

Summer A. Hayes
Town Forest Fire Warden

Town growth created an even greater impact on the Police Department in 1984 than previous years. Along with more private roads being accepted as Town roads increasing mileage on patrols, all other services increase by direct relationship. A very good example of this is the fact that our case load in Dover Court increased to the point that the Dover Prosecutor could no longer do our prosecuting for us. The direct result of this to the Barrington Police meant that we had to do our own prosecuting, not being practical to hire an attorney to do this for us, we were forced to train a prosecutor, which meant it had to be someone free in the daytime, as Dover Court does not hold night sessions. The position of Prosecutor was added to other job responsibilities and it became a multi-faceted job combine as Prosecutor/Investigator and Juvenile Officer, which are positions that are normally handled by individual officers, but because actions under these headings usually end in court, they were combined as a single responsibility. This position with the Barrington Police is aptly handled by Officer John Enos, who joined the department May 1, 1982 and resides with his parents. Officer Enos went to and successfully completed basic and advanced Prosecutor School in Concord, conducted and certified by the Standards and Training Council. In conjunction with prosecutor training, Officer Enos also attended and completed a class on Affidavits and Warrants and has been prosecuting cases for Barrington since January 1984.

Growth of the Town has created even a greater impact on the number and amount of records that have to be kept. Records for UCR or Uniform Crime Reporting to State Police Headquarters has grown in proportion along with all other police records. Records that have to be kept include, but are not limited to, Juvenile records, records of Warrants and Arrest, Accident records, files and records of Court Cases pending, house checks, pistol permits and purchase of handguns from the various gun dealers throughout the State. Along with all of these records it is also necessary to keep the forms that are required in relation to the records that are kept. Gordon Welner has returned to the department as Police Clerk to aid in keeping the files and records in order. In 1976 one file drawer kept all the police records--in 1984 three file cabinets of 4 drawers each are required.

1984 saw some change in manning, with Officers Bertrand and Verity leaving the department, a new Patrolman was put on. Patrolman Al Greenwood joined the ranks on the 5th of September. He successfully completed his training and is certified by the Police Standards and Training Council.

A new cruiser was purchased for 1984 replacing the 1982 Ford which had 89,000 miles on it. Although a 1984 Ford was ordered under the same specs that the State Police cruisers are purchased, a mixup by the dealer on the purchase order submitted by Barrington failed to produce a cruiser. It was decided to try another "Police Package" from a different manufacturer and a 1984 Plymouth Gran Fury was purchased for a little less money and a little more standard equipment. Thus far the Plymouth has worked out very well and it is hopeful that it will continue to give us the trouble-free

performance in the future that the first 14,000 miles has produced.

Keeping up with the constantly changing laws through continuous training sessions has been the primary goal for Barrington Police for 1984. Not only do the laws change either by additions or deletions, but the Standards & Training Council in Concord are adding stiffer requirements by increasing the qualifications a Police Officer must have to stay a Police Officer and/or become one. Examples of this are the number of hours has been doubled that a potential officer must attend school to certify and that each officer must qualify with the handgun he carries on duty as a yearly basis. The responsibility of training sessions, along with patrol scheduling are the duties of Sgt. Robert Brown.

The Road Agent and his crew are deserving of a special thanks for their response to emergency areas. Trees down in high winds, roads washed out in heavy rains and areas for sanding at accident scenes are a few of the situations that they readily answer to.

The Fire Department and Ambulance personnel continue to do a great job in their respective duties when toned out for accidents. Their assistance is greatly appreciated.

The Activity Statistic Chart is again included as part of the Police Report. Again this reflects most of the activities that the Barrington Police are engaged in throughout the calendar year and allows anyone interested, to compare activities on a yearly bases. This also establishes a method of analyzing a trend for crime, that is to say, which crimes are rising and which are dropping, whatever the case may be.

Communications is still the prevailing answer for good relations between the Police and the Board of Selectmen, George Musler, Charles Soule and Pat Newhall. Another pleasant and productive year has gone by, serving the Board and the Townspeople of Barrington.

Respectfully submitted,

"Bud" Sprowl,
Chief of Police

1984 Activities

The 1984 Barrington Police Association activities saw a continuance of two pet projects of the Police Association. By setting up at the Barrington Spring Fest we were able to continue with the finger printing of children of Barrington and to offer bicycle registrations to all who desired their bike to be registered. Both of these services are free. We are planning at this time to join the 85 Spring Fest and to again offer the Barrington populace the opportunity of both free services.

The monthly dances that were held at the Town Hall by the BPA have been discontinued and turned over to the BEMS group. Hope they have the same success as the B.P.A.

With the Towns purchase of a new cruiser, a 1984 Plymouth the B.P.A. purchased a new radio for it at a cost of \$833.00 installed. The radio was purchased from Strafford Communication owned and operated by Dick Ross who is also a new resident of Barrington and a very competent radio technician. Dick resides on Green Hill Road with his wife and family.

As in the past years the December Association meeting was held at the Chief's house and a pre-Christmas dinner was served by Mae and Crystal Sprowl. Turkey with all the fixings was the menu for the dinner, topped off with a dessert of strawberry shortcake - a great evening was had by all.

Respectfully submitted,

Bud Sprowl
Association President

Ambulance runs from January 1, 1984, to December 31, 1984, totaled 114. We are still covered with backup service by Benoit Medical, Frisbie Memorial Hospital Ambulance, and Northwood Ambulance.

Our responders have been very active in covering events such as the walk-a-thon, horse shows, etc.

The Mass. Casualty Commission has set up standard procedure with Strafford Dispatch in the event of a mass casualty situation in Barrington. We are currently in the process of establishing protocols with area services that can be on file.

Our new telephone number, 664-2896, is in direct contact with Strafford Dispatch and is working out well.

BEMS and the Barrington Snow Goers have the rescue sled available for accidents - sledding, hunting, etc. And also, is available on mutual aid basis for surrounding towns.

The Dance Committee is working out well with much time and effort put into it. Attendance has been good.

The new Directory is out with new articles, photos and general information. It is available at the Town Hall (Selectmen's Office), Calef's Country store, Barrington Paint & Hardware and First Barrington Video located in the Mall.

I wish to express my gratitude to individuals and organizations who have donated to BEMS and thank them for their support.

As the cover shows on our new directory the door will always be open from BEMS volunteers dedicated to total pre-hospital emergency medical care to serve you.

Remember, in case of an emergency, use this procedure;

1. Remain calm.
2. Call 664-2896, ambulance.
3. Speak clearly.
4. State your name.
5. Explain (medical) problem.
6. GIVE YOUR LOCATION.

BEMS members of Mass. Casualty Committee are left to right- Carolyn Bliss, Joel Sherburne and Helen Musler

Members of the Barrington Emergency Medical Services and members of the Barrington Snow Goers show off a new snow sled for off-road rescue work. The patient would be placed within the sled and brought out to a waiting ambulance. In foreground are Jay Van Billiard (left), BEMS supply officer and Don Lawry, BEMS president. Standing behind the sled (from left) are Selectman Charles Soule; Gary Musler, in charge of BEMS ambulance maintenance; Eric Elliott of BEMS; Richard Brooks, Snow Goers vice president; Raymond Danby, Snow Goers treasurer; Joel Sherburne, BEMS coordinator, and Michael Page.

Our post membership was saddened by the passing of two comrades in 1984. Mr. Roger Calef and Mr. Earl Colby, both charter members of the Hanson Keliher Veteran's of Foreign Wars Post 6804, were veterans of World War II. On a happier note, many of our members helped our oldest member, Mr. Herb Clark, celebrate his 90th birthday. Herb is a World War I veteran.

Our post donated a new flag to the town and provided lighting so the flag may be flown around the clock at Town Hall. We also presented a new flag to the Girl Scout troop for use in their meetings.

Our post continued in its role in organizing and conducting the Town's observance of Memorial Day.

Receipts:	Town Appropriation	450.00
Balance:	1984 Balance	4.78

Our guest speaker for the day was Lieutenant Eleanor A. Hunter, Public Affairs Officer at Pease Air Force Base. She reminded us that, "Democracy with all its checks and balances is the strength of our way of life". Reverend Rick John of the Evangelical Free Church gave the invocation and benediction, and Daniel Scruton, Choir Director sang a special selection.

The post would like to thank everyone who participated to honor our departed comrades.

Respectfully submitted,

Richard D. Bottom, Commander
Robert V. Drew, Quartermaster
VFW Post 6804

LIBRARIAN'S REPORT

67.

Several series of story times were held throughout the year for pre-schoolers, and there were two special story times presented at the request of a local day care center. The Librarian, Karen Littlefield, also told stories to the first and second graders of the Elementary School as part of Arts Day. The Library presented a summer series of film programs and co-sponsored, with BEST, a fall film program in the school.

Many people donated books and magazines; some were added to the Library, while others were sold to add to the book funds. Duplicate gifts and discs of children's books were given to the school library. Other gifts included a new bookcase for juvenile paperbacks. All gifts are gratefully acknowledged.

The Librarian continued to be active in the Children's Librarian Section (CHILIS) of the New Hampshire Library Association (NHLA) and the New England Roundtable of Children's Librarians (NERTCL) of the New England Library Association (NELA), attending several programs sponsored by those professional organizations. She is also Secretary of the Rochester Area Libraries (RALI) Co-op, of which Barrington Public Library is a member. RALI joined the Merrimack Library Co-op this year in order to increase the library discount through co-operative book purchases.

Because of several patrons' requests, the Library again purchased a pass to the Children's Museum of Portsmouth; it has been fairly well used. Good Shepherd School continues to use the Library on a regular basis, sending four classes a week. And once more, special thanks go to volunteers: Louise Williams, who kept the Library open on Sundays; Sally Bigelow and Ellen Walker for their excellent help in a variety of tasks.

Respectfully Submitted

Karen A. Littlefield
Librarian

Early in the Library year, our Library conducted and categorized a survey of townspeople to try to learn in what areas we could better serve the community. The results were of great interest, and we have tried to incorporate your suggestions into our system whenever possible. Our thanks go to all who participated.

Throughout the year, Association meetings have been held on a regular basis, and at many of these there has been a special program preceding the meeting in an attempt to interest more people in our activities.

We are happy to report that Karen Littlefield continues to be our excellent Librarian. I will not intrude upon her report where you will find the details of our year.

Louise Williams has continued to conduct our Sunday afternoon hours on a volunteer basis, and Rachel Sturtevant has continued as our Assistant Librarian.

In early summer, the Library, along with the entire Town, suffered the loss of a good friend and patron when Roger L. Calef passed away. The response to the suggestion of a fund in his memory has been a great tribute to a fine young man. Books by Roger's favorite authors have been added to our collection.

Once again, I invite one and all to visit our Library where your suggestions are always welcome.

Respectfully Submitted,

Dorothy E. Berry

Receipts for the year 1984

Appropriation from Town of Barrington	11,030.00
Sale of Books	587.68
Book Replacement For Lost Books	5.20

BUILDING INSPECTOR
ANNUAL REPORT - 1984

Houses	53	Commercial Structures	3
Mobile Homes	7	Razed Structures	1
Additions	33	Relocate Structures	1
Renovations	14	Sign Permits	2
Storage Structures	46		<u>180</u>
Replacement M/H			
Structures	13		
Pools	3		
Seasonal Cottages	1		

The above statistics illustrate a 24% increase over permits issued in 1983; in particular those issued for storage structures and houses.

The dollar value of construction in 1984 was \$5,051,500.00 compared to \$3,533,670.00 in 1983 a 43% increase.

The amount collected for permit fees and violation penalties in 1984 was \$11,190.00 compared to \$7,793.00 in 1983 a 44% increase.

My operating expenses for wages, mileage, meetings, supplies and legal cost were \$6,797.57 compared to \$5,693.14 in 1983 a 19% increase.

I would like to continue to express my appreciation to our Board of Selectmen for their continued support and guidance and also thank the Planning Board for their proposed changes.

Respectfully,

Stephen Bergstrom
Building Inspector

Dianne Caswell	Secretary

It has been a fairly quiet year for Barrington C.P., which in the case of an emergency group such as this, is good news.

The following is a list of calls, exercises, and functions in which B.C.P. was involved:

1. Flooding this spring: Assisted Dover C.P. at their request in flood watch.
2. Participated in "Firestorm 84", a tabletop exercise involving Barrington C.P., Dover C.P., N.H. National Guard, Civil Air Patrol, Boy Scouts of America, and R.A.C.E.S. Ham Operators. Monitoring were representatives from the State Civil Defense Office, Gov. Sununu, Dover P.D., Dover F.D., Somersworth F.D., Portsmouth P.D., and N.H. State Police.

The exercise involved search and rescue, a high magnitude forest fire, evacuation routing, hazardous spills, and other natural and man made emergencies that could arise during a forest fire that travels at tremendous speed.

Each participating member received a Thank You letter from Gov. Sununu.

3. Due to the unexpectedly large turnout of voters on Election Day B.C.P. was asked to provide traffic and parking control by Chief Sprowl of Barrington P.D., which was provided. Letters of Thank You were received from Chief Sprowl and the Selectmen for the quick response and professionalism with which this action was carried out.
4. Dover C.P. asked the group to help provide communications for the Annual Dover Christmas Parade. Director Lanciano, Ass't Director R. Brooks and Supply Officer R. Hill also escorted several units in the parade.
5. Received a call from the Barrington P.D. via Strafford County Dispatch to relieve the Barrington cruiser in closing the Barrington end of Tolend Rd, an automobile accident downed power lines, making the road impassable. Two members responded allowing the cruiser to go back on patrol. Response time: Approximately 8-10 minutes.

73.

B.C.P. was provided an area in the Town Hall for office space and eventually, an emergency operations center.

At the last meeting of 1984, the group was assigned new unit numbers. To reflect the chain of command and the state designated town number the present number assigned the duties stated at the beginning of this report. Chief Sprowl came by to give a personal Thank You for Election Day coverage.

Planned and proposed for 1985:

1. Acquiring the needed equipment and supplies for a federally qualified and approved emergency operations center.
2. Three members will be attending a radiological monitoring and radiological reaction team, 45 hour course at New Hampshire Vocational-Technical College in Stratham. F. Lanciano, R. Hill, R. Caswell were chosen to attend this course.
3. Training exercises in search and rescue.
4. A C.P.R. course.
5. A standard first aid course.
6. Radiological monitoring in community.
7. More direct involvement in community.

Barrington Civil Defense also monitors citizen's band Channel #8, offering assistance to the general public. The monitoring coverage has resulted in several calls for aid which may not have been answered had not B. C. P. been there.

As always new membership applications are welcomed. If you have wondered what you could do to help your community, contact Director 'Lucky' Lanciano or Ass't Public Relations Officer Ray Caswell at 868-7380 or 868-5430 respectfully for more information and an application or come to one of our meetings. Barrington C.P. meets the last Wednesday of every month in the Community Room of the Town Hall at 7:00 P.M.

Respectfully Submitted,

Francis 'Lucky' Lanciano,

The Board held six regular meetings during which one of two Special Exceptions was granted; two or three variances were granted; and one Rehearing was denied. In addition, the Board held a special meeting with the Selectmen, Planning Board and Building Inspector.

Faith Wallace, who served on the Board from its inception, regretfully resigned at the end of the year. Mrs. Wallace offered much helpful insight into solving difficult decisions. The Town owes her great gratitude for her loyal service.

The Chairman offers thanks to many dedicated town officials who are attempting to create workable zoning laws, and to the members and alternates of the Board.

Respectfully submitted,

Robert S. Shepherd

Members: Richard Brooks
 Richard Hill

Douglas Thompson
Lucille Simpson

Richard Hobbs

The Planning Board held twenty eight scheduled meetings in 1984. Thirteen of these meetings were to consider 16 subdivisions and 7 site reviews.

Ninety one lots were approved with most lots larger in size than the town's 80,000 square feet minimum. In general, subdividers have worked well with the Board with some willing to schedule lot transfers over a period of years rather than flood the town by selling all approved lots within a year.

The remaining fifteen meetings were work sessions. Many of these sessions were devoted to formulating a community attitude survey. The results of this survey have been used in part to assist the Board in proposing changes in the growth ordinance and in the Agricultural-Residential-Commercial zone and will be incorporated into revisions of the Master Plan. The results of the survey can be found at the end of this report.

Most of the work sessions involved discussions of Barrington's increasing growth pressures. As a result, the Planning Board is sponsoring five articles to be voted on by the town. We feel that these articles are an extremely important beginning and are necessary if the town is to properly manage its future.

The two that deal directly with growth are the Growth Management; Interim Regulation article and the Capital Improvements Program article. Current state planning and zoning laws allow, in part, that a town may adopt an interim growth management ordinance only if the Planning Board: 1) determines that unusual circumstances exist requiring prompt attention and makes findings of fact so indicating; 2) needs some time to alter a master plan; and 3) proposes a capital improvements program. If the town does not approve both of these articles, then Barrington will be opening its doors to uncontrolled growth. Approving both articles will give the town another year to plan for its future.

Another article proposes the expansion of the present Agricultural-Residential-Commercial zone B. At present, only 20% of each mile of property along state highways in this town can be used commercially without a variance. The 1984 Community Attitude Survey shows that a vast majority of those responding favor more businesses and professional offices. The Board feels that if the tax base is to expand so that taxes can be made more affordable, then areas where business and professional offices are allowed to locate must expand. Please note that land owners in zone B would still have the right to keep their property residential or agricultural.

Finally, the Board is asking the town to join the Strafford Regional Planning Commission. At present most of the Planning Board Budget is used to pay legal expenses. Many legal challenges could be avoided and a great deal of time, money and effort saved with professional planning assistance.

The Board is always looking for willing volunteers to serve on the Board, do research, serve on fact finding committees and present any input to the Board for consideration. The meetings are always public

and we extend an invitation to attend and to express an opinion.

76.

Respectfully Submitted for the Planning Board

David J. Allain, Chairman

FUEL ASSISTANCE PROGRAM

The Strafford County Community Action Committee, Inc. continued to be a source of assistance to the Barrington community. In 1984, 120 households were served with Fuel Assistance at a total dollar value of \$61,974.00. A total of 23 homes were weatherized through the Agency Weatherization Program. Four residents received major home repair and one household had a heating source repair. The benefits to these clients totaled \$13,110.00. In other services provided, including Information and Referral, Christmas Program, Commodities Distribution and Hypothermia, 1,388 households were assisted. The amount of these services total \$4,500.00.

The staff of the Strafford County Community Action Committee, Inc. wishes to thank the town officials and the staff at the town offices for their help and cooperation in the past year. Special appreciation is extended to the volunteers from the community who assisted with the commodities distribution.

Fran Masi
Coordinator

Many interesting programs were presented to the Barrington, New Hampshire Historical Society during the past year.

A description of "Harness Making" was presented at the March meeting by Clayton Lord of Rochester.

In April, Mary Booth of Lee spoke to the group about the life of President Franklin Pierce. She explained that her interest was piqued when she discovered, in an antique shop, a rare campaign book used during the Pierce campaign.

The ever popular "Show and Tell" was the program at the May meeting.

In June, Mrs. Deborah Kerevin of Kingston, who works at the branch library of the Church of Jesus Christ of Latter Day Saints in Nashua, shared information on the subject of genealogy.

Mrs. Ruth Sawyer of Concord brought her extensive antique button collection to the September meeting.

The program in October was presented by Mrs. Doris Zakon of Barrington. Mrs. Zakon who has been a teacher at the Hebrew School in Dover, traced the tradition and history of the Jewish religion.

Richard Sanborn addressed our group in November. His "History of Railroads" brought back many nostalgic memories.

In December, Alfred Grimes, a New Hampshire Forest Ranger, reminded us that this was the year of Smokey Bear's 40th birthday. He gave a most informative talk about the origin of the symbol of Smokey and the results of the symbol.

Service projects accomplished by the society include clearing brush and small trees from the Berry cemetery in the Beauty Hill section of town.

Five or six members assisted the Beals at the Black Powder Shoot which were held in the spring and fall and are yearly events.

After the Canaan Chapel fire, some of the members assisted with the repairs of the Chapel, which is listed in the National Register of Historic Places. This Society also made a monetary contribution to the restoration fund.

During the summer, four people served on the panel of the Summer Institute, a combined group of Barrington, Strafford, Northwood and Nottingham students, who with their teachers worked on various projects. One with which the students were involved, was clearing a cemetery, tracing genealogy of the family in that particular cemetery, and searching the land deeds as far back as possible in an effort to bring the past and present together.

Sales of Society items were held at the town hall during the March voting hours, primary day and November election. Bessie Shiere and Louise Williams, co-chairman of the Ways and Means Committee conducted the sale assisted by other members of the Society.

The Barrington Historical Society became incorporated in 1984 through the efforts of the president who also arranged with the Strafford Historical Society to store our artifacts in their building.

Also in 1984 the Society received from the Dover Baptist Church a trust fund for the Daniel Gear cemetery, on France Road. The fund had been left with the church many years ago, they were unable to continue with the responsibility. After conferring with the Selectmen, the money was added to the town trust fund and the maintenance work will continue.

Meetings of the Historical Society will resume the first Wednesday of March and will continue through June 1985. All meetings are open to the public.

Frederic R. Shiere
President

The Directors of the Lamprey Regional Solid Waste Cooperative are pleased to report that the incinerator/energy recovery plant located on the University of New Hampshire campus is operating on a continuous twenty-four hour, seven day a week schedule.

The day-to-day operation is carried out under the supervision of the Cooperative's Administrator, under the general supervisory control of the three-member Operations Committee from the Joint Board of Directors. The plant personnel, in addition to the Administrator, includes two mechanics, a truck driver, two daily shifts of 12 hours each involving 8 persons, plus daily clean-up crew. This organization operates the incinerator system, maintains records, and coordinates with the University's Power Plant staff to monitor the boiler and steam production elements of the plant. The Cooperative's organization also handles the collection of refuse from the transfer stations of five communities, and handles the ash removal and its transfer to the landfill site.

During 1984 modifications were made to plant piping which has increased steam production and revenue. Preventive maintenance during the year included replacing the refractory in the three lower chambers and it is anticipated that the upper chambers will be done in 1985.

The latest word received from the University concerning Cogeneration is that UNH will quite likely purchase and maintain the turbine and generator which will provide the Cooperative with a market for excess steam during the warmer months.

The operations committee welcomes Norman LeClerc of Somersworth as a member and wishes to say Thank You to Robert Lowe of Northwood for his years of assistance on the Committee.

The Directors of the Cooperative wish to express their deep appreciation for the assistance given their efforts by the University's staff as well as the officers and personnel of the cooperating towns. Every effort will be continued to keep the residents of the region informed of the progress in the collection, processing and disposal of the waste which is being handled at the plant.

Joint Board of Directors
Lamprey Regional Solid Waste Coop.
/s/ Rance G. Collins, Chairman

Annual Report

During 1984 the Barrington Conservation Commission experienced a period of reorganization. Previous Chairperson John Barr stepped down during the summer after many years of Commission leadership. We of the Commission would like to extend a special "Thank you" to John for his many years of dedicated service.

The newly organized Commission is presently establishing direction and goals as well as recruiting additional members. In keeping with the theme of this years town report and with concerns of the commission members the coming years projects include:

1. Consulting with the Barrington Planning Board concerning ground water protection studies.
2. Conducting natural resource inventories of town owned lots as an aid in establishing best use policies.
3. Identifying and analyzing current and future problems of growth in Barrington.

The Commission continues to monitor the use and abuse of Barringtons wetlands by reviewing Dredge and Fill Permits when submitted. This past year several permits were reviewed and one onsite investigation was conducted.

The Commission will also be reviewing the proposed Portsmouth-Concord highway. With this information we hope to be able to assess the impact the proposed highway will have on landowners and the Town of Barrington.

The Barrington Conservation Commission meets each fourth Tuesday of the month in the Town Hall at 7 o'clock. The Commission is concerned with issues affecting our environment and issues affecting the rural nature of Barrington, its clean water, clean air, and open space.

81.

Questions, comments and suggestions may be directly addressed at the monthly meetings or mailed to the Barrington Conservation Commission Barrington Town Hall.

ANNUAL REPORT - 1984

The Board of Directors of the Rural District Health Council has voted to hold the per-capita tax for its member towns of Barrington, Strafford, Milton, New Durham, Middleton, Farmington, Northwood, Nottingham, and Deerfield to \$3.25. Even though the budget is up a little over 12% the agency has added funding from the United Way of Strafford County, State Council on Aging, State Bureau of Maternal and Child Health, billing process, generous donations and memorial contributions.

The agency is a certified home health agency and provides skilled nursing, physical therapy, occupational therapy, speech therapy, medical social services, home health aides, and has a comprehensive Hospice program, certified by Blue Cross-Blue Shield and GE insurance.

The staff has made 5,604 visits in the Care of the Sick program and 74 skilled nursing visits and 767 home health aide hours in the Hospice program.

With the DRG'S (Diagnostic Related Groupings) being implemented in the hospitals, home care has seen an increase with a change in the type of referrals made. More Hi-Tech nursing is being done in the home. The agency has a 24 hr. answering service with a nurse available 24 hrs. a day. 7 days a week and home visits made as indicated.

The agency also provides an elderly maintenance health program. There are 211 patients enrolled in this program which includes health counseling of medications, monitoring blood pressure, weight checks, diet teaching for weight loss and blood testing of diabetes. 521 visits have been provided. This year the council administered 131 influenza shots to the elderly and found this to be a great success and will be implemented as an ongoing service in this program.

The agency also provides a Child Health program with 746 children enrolled from the ages of 0-6 years. This program includes physical examinations, immunizations, growth and development, counseling with referrals made to other community and state agencies for direct services as needed. The agency also works closely with the school nurses and provides immunization for school children. There have been 1,035 children seen at clinic with 556 home visits made. The program also offers a Dental Clinic twice a year for children 3-6 years of age.

A bequest to the Council may be made to further the general purpose of the Rural District Health Council. In lieu of flowers a memorial donation may be made in memory of a loved one.

" When it comes to Home Care, there's no place like home".

We think that says it all.

For more information call the office at 37 No. Main St., Farmington, N. H. - 755-2202.

The Newmarket Regional Health Center is a non-profit community organization. In July of 1984, Karen Brainard, M.D., a family practitioner, joined the medical staff. The staff of the Health Center now consists of four physicians -- two family practitioners, one pediatrician and one obstetrician/gynecologist. The Health Center has very active pediatric, prenatal and adult medicine programs providing in-office, home and hospital care. Utilization of medical services by Barrington residents will exceed 241 office visits in 1984.

Preventive health services offered by the Newmarket Regional Health Center include nutritional counseling and prenatal classes for pregnant women, health education, health screenings for diabetes, glaucoma, cancer, and hypertension. Also offered are educational workshops, work site health promotion, school physicals and immunizations. In October, 1984 the Health Center offered a flu clinic in Barrington and 11 residents attended.

The Newmarket Regional Health Center continues to offer a Self-Care Program for the Elderly. The program is a cooperative effort with the Occupational Therapy Department of the University of New Hampshire School of Health Studies. The purpose of this program is to provide specific services to senior citizens to enable them to remain independent and functioning at their best level within their home and community. The Self-Care team includes a nurse practitioner, an occupational therapist, occupational therapy students, and community health workers. The team receives referrals and provides services to improve safe functioning at home, to teach self-care skills and to analyze problems in functions before they occur.

The Senior Citizen Transportation Service has enabled seniors to remain independent, self-sufficient and active through the provision of transportation to needed services, including medical, shopping and recreational trips. It is the goal of this service to eliminate barriers which frequently obstruct elderly and handicapped individuals from maintaining self-sufficiency.

The Newmarket Regional Health Center now has five vans, three of which are equipped with hydraulic lifts to accommodate individuals confined to wheelchairs. This service is available to Barrington residents.

Funds appropriated for the transportation program are used as matching funds. Each dollar appropriated by Barrington has enabled the Newmarket Regional Health Center to provide these services to your town. We would appreciate your continued support and would be more than happy to provide any additional information which you may need.

THE BARRINGTON SCHOOL DISTRICT ELECTIONS

MARCH 13, 1984

At the legal meeting of the inhabitants of the Town of Barrington qualified to vote in district affairs the following action was taken on the thirteenth day of March, nineteen hundred eighty four.

The meeting at the Town Hall in Barrington was called to order by Moderator Frederick Timm, at ten o'clock in the forenoon, the same time the polls opened. The polls closed at six thirty in the afternoon.

Number of eligible voters on the checklist	2,389
Number of regular ballots cast	437
Number of absentee ballots cast	7

The following persons were chosen as officers of the school district:

School Board	Peter Paiton (3 years)	318
Moderator	Frederick Timm (1 Year)	373

Respectfully submitted,

Lauren Chase-Rowell
School District Clerk

March 19, 1984

At the legal meeting of the inhabitants of the Barrington School District the following action was taken on the School Warrant on Monday, the nineteenth of March, nineteen hundred eighty four.

The meeting at the Barrington Town Hall was called to order by Moderator, Frederick Timm, at seven thirty in the afternoon.

Article 1: On motion made by Richard Bottom and seconded by Lawrence Dubois it was voted by secret ballot to see if the school district will raise and appropriate the sum of eight hundred fifty thousand dollars (\$850,000) for the construction of an addition to the Barrington Elementary School which will provide eight additional classrooms and an enlarged cafeteria, for originally equipping said addition, for architectural and other service fees, for site development including septic system and for any other items incidental to and necessary for said construction; to determine whether said appropriation shall be raised by issuance or sale of bonds or notes on the credit of the Barrington School District in accordance with the provisions of RSA Chapter 33 amended; to authorize the School Board to invest said monies and use the interest earned thereon for said project; to authorize the School Board to obtain State or other aid which may be available; to authorize the School Board to determine the time and place of payment on principal and interest, fixing the rate of interest, the provision for the sale of notes and or bonds, and all other matters in connection therewith; or to take any other action relative thereto.

The meeting continued as the ballots were counted.

Article 2: On motion made by Lawrence Dubois and seconded by Richard Bottom, it was voted to hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

Article 3: Article 3 was read by the Moderator as follows: To see if the school district will authorize the school board to withdraw after July 1, 1984 in accordance with the provisions of RSA 35, an amount not to exceed sixteen thousand four hundred forty-three dollars and forty cents (\$15,000 in principal and \$1,443.40 in interest) from the school district Capital Reserve Fund for the purpose of financing part of the cost of constructing an addition to the Barrington Elementary School. Passage of this article will reduce the amount of the bond voted in Article 1 by a like amount.

On motion made by Lawrence Dubois and seconded by Robert McChesney, it was voted to table Article 3 pending the results of Article 1, and to move on to Article 4. It was carried.

Article 4: On motion made by Lawrence Dubois and seconded by Richard Bottom it was voted to see what action the school district wishes to take on the report of the High School Committee.

A report with recommendations was then explained by Peter Paiton, the Chairman of the High School Study Committee. After much discussion concerning available high school choices, current and future enrollment of high schools, transportation, tuition payments, contracts, and laws

(see Annual Report, pages 125 to 134) a motion was made to move the previous question.

On motion made by Burt Andrews and seconded by Julian Olivier it was voted to approve the action of the Barrington School District's High School Committee. It was carried.

On motion made by David Edsall and seconded by Patricia Newhall it was voted to direct the school board to implement the recommendations beginning on page 132 and ending on page 134 of the 1983 Town of Barrington Annual Report.

An amendment was then made by Julian Olivier as follows: that the previous motion would remain the same with the exception of changing the existing sentence: "The contract should be for a four to five year period with a five year option," to: "The contract should be for the most favorable time period negotiated by the Barrington School Board." And that the next three lines on page 133 in the Annual Report be deleted.

The amendment was seconded by Sandra Dodge and passed by a show of cards.

The motion made by David Edsall with the added amendment by Julian Olivier was seconded by Patricia Newhall. It was also carried by a show of cards.

The results of Article I were ready to be announced. The polls opened at 8:52 P.M. A total of 290 ballots were cast, and a 2/3rds vote required. The results were as follows: YES: 192; NO: 98. Article I was defeated. The polls closed at 10:33 P.M.

On motion made by John Parsons and seconded by Clinton Lane it was voted that the school district reconsider the vote taken on Article I, and that said reconsideration be taken in accord with RSA 33.8-A and that after all business has been transacted under the other articles in the warrant the meeting be recessed until 7:30 P.M. on Monday, April 9, 1984 at the Town Hall in Barrington, N.H. at which time the school district will reconsider Article I.

On motion made by Lawrence Dubois and seconded by Julian Olivier it was voted to table Article 3 until April 9, 1984 when Article I will be reconsidered.

Article 5: On motion made by Heather Carney and seconded by Richard Bottom it was voted that the school district will raise and appropriate the sum of nineteen thousand dollars (\$19,000) to add a seventh school bus for the Elementary and Middle Schools in order to reduce the length of the present routes. The motion was not carried.

Article 6: The Moderator read Article 6 as follows: to see what sum of money the school district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, for capital construction, and for the payment of statutory obligations of the district.

On motion made by Lawrence Dubois and seconded by Heather Carney it was voted to table Article 6 until April 9, 1984 when Articles 1 and 3 would also be reconsidered.

91.

Article 7: On motion made by Richard Bottom and seconded by Darrell Ford it was voted to authorize the school board to make application for and to receive and expend in the name of the school district, such advances, grants in aid, or other funds for educational purposes as may now or thereafter be forthcoming from the United States Government, and/or State Agencies; private agencies; and/or other sources in accordance with the provisions of RSA 198: 20-b.

Article 8: The Moderator read Article 8 as follows: to choose agents and committees in relation to any subject embraced in this warrant.

On motion by Lawrence Dubois and seconded by -----when Articles 1,3,and 6 would be reconsidered.

Article 9: On motion made by Lawrence Dubois and seconded by Patricia Newhall it was voted to transact any other business which may legally come before this meeting.

The school board agreed to make their best effort in acquiring a decision from the Water Supply and Pollution Control Board on the septic system for the proposed addition to the Barrington Elementary School.

There being no other business to come before this meeting, it was adjourned at twenty seven minutes past eleven o'clock in the afternoon.

Respectfully submitted,

Lauren Chase - Rowell
School District Clerk

April 9, 1984

At the legal meeting of the inhabitants of the Barrington School District the following action was taken on the School Warrant on Monday, the ninth of April, nineteen hundred eighty-four. The legal meeting held on this night had been recessed from the March nineteenth, nineteen hundred eighty four meeting.

The meeting at the Barrington Town Hall was called to order by Moderator Frederick Timm, at seven thirty in the afternoon.

Article 1: Having previously been presented numerous times, the reading of Article I was waived without objection. Then, on motion made by Lawrence Dubois and seconded by Heather Carney, Article I was voted in-expedient to legislate.

During the discussion concerning Article I, Richard Bottom explained the failure for the approval of the septic system design of the Elementary School and briefed the audience in the alternative of facilitating modular units to be attached to the Middle School for usage by two fourth grades.

Article 3: The Moderator read Article 3 as follows: To see if the school district will authorize the school board to withdraw after July 1, 1984 in accordance with the provisions of RSA 35, an amount not to exceed sixteen thousand four hundred forty-three dollars and forty cents (\$15,000 in principal and 1,1443.40 in interest) from the school district Capital Reserve Fund for the purpose of financing part of the cost of constructing an addition to the Barrington Elementary School. Passage of this article will reduce the amount of the bond voted in Article 1 by a like amount.

On motion made by Lawrence Dubois and seconded by Heather Carney, Article 3 was voted in-expedient to legislate. The vote was carried by a show of cards.

Article 6: The Moderator read Article 6 as follows: To see what sum of money the school district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, for capital construction, and for the payment of statutory obligations of the district.

Lawrence Dubois moved Article 6. Richard Bottom seconded it, and offered the following amendment: "I move that the budget figure of two million, two hundred and thirteen thousand, eight hundred eighty four dollars (2,213,884.00) be increased by forty two thousand dollars (42,000.00) and the school board be authorized to lease-purchase a two classroom modular unit and add two new teachers to the Elementary School staff." The motion to the amendment was seconded by Lawrence Dubois

After some discussion Robert Shepard questioned the comment in Article 6 concerning the phrase "for capital construction", and requested clarification. Richard Bottom explained that the phrase was intended to cover actions necessary for the addition to the Elementary School, and since it had been voted in-expedient to legislate an amendment should be considered to delete the phrase "for capital construction" from the motion.

The result was an amendment made by Robert Shepard and seconded by Richard Bottom to delete the words " for capital construction " from the article. It passed.

A motion was made by Charter Weeks to move the amendment on the floor. A vote was taken and it was carried by a show cards.

The original motion was read by the Moderator. An amendment was made by Jane Olivier as follows: "to delete the words from the motion of hiring two new teachers." She then reamended the motion to read: "to consider the matter of leasing the modular units separately from the main budget." The amendment was seconded by Ken Grossman. It was not carried.

After much discussion, many questions and comments, George Musler requested that the parliamentary situation be sited for the record.

Moderator Frederick Timm proceeded with the amendment on the floor. The vote was carried to increase the budget figure \$2,213,884.00 by \$42,000.00 and to authorize the school board to lease-purchase a two classroom modular unit and add two new teachers to the Elementary School staff.

With Article 6 now having been amended, on motion made by Lawrence Dubois and seconded by Richard Bottom it was voted that the school district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district; and that the figure of \$2,213,844.00 be increased by \$42,000.00 and the school board be authorized to lease/purchase a two classroom modular unit and add two new teachers to the Elementary School staff. It was passed.

A motion was then made by Sam Chittick and seconded by George Skoolicas to amend the article to read: "that \$42,000.00 be added to the 1983-1984 figure of \$1,904,116.00 on page 11 of the Barrington District Budget. This amendment was withdrawn by Sam Chittick and George Skoolicas shortly afterwards.

On motion made by Paul Gasowski and seconded by Sally Ferullo voted to propose an amendment to add \$30,000.00 to the budget for the intent of hiring full time aids to augment the teachers in the high teacher to pupil ratio. A count of cards was taken and the amendment was not carried:

YES: 67

NO: 158

The amended Article 6 with a budget totaling \$2,255,884.00 was voted on and carried.

Article 8: On motion made by Lawrence Dubois and seconded by Heather Carney it was voted to choose agents and committees in relation to any subject embraced in this warrant.

Lawrence Dubois then requested volunteers for committees to study new proposals for an addition to existing school, a new school, new location, an addition to the Middle School and a high school. Heather Carney added that these committees would work closely together.

On motion made by Bill Dean and seconded by D. Caswell it was voted by amendment that the district members present would select a building committee to carry out the following:

1. to evaluate recent committee reports regarding school population growth and projections for the Town of Barrington and appropriate nearby towns;
2. to investigate all practical ways by which the Barrington School District could provide the necessary classroom space for continuing quality education of our entire growing student population.
3. to consider possible approaches to school building construction that could provide the necessary educational facilities to meet present and future school requirements, including consideration of various building sites,
4. to inquire in detail into forming a cooperative school district with the Town of Strafford and other adjacent towns, and to fully evaluate practicality of constructing a Junior High - high school facility for such district, and of purchasing and improving the buildings and grounds of the Austin Cate Academy property;
5. to report their findings and recommendations to the Barrington School District at the earliest possible time.

The amendment was then modified to read that the Barrington School District would have the power to appoint a building committee to carry out numbers one through five (1-5) in the proposed amendment stated above. It was carried.

Article 9: On motion made by Lawrence Dubois and seconded by Heather Carney it was voted to transact any other business which legally come before this meeting.

On behalf of the School Board, Lawrence Dubois thanked the various committees for their time and effort in searching for the embettering of the education in Barrington. These committees included the high school study committee, the growth study committee, the building committee and the space needs committee.

There being no other business to come before this meeting, it was adjourned at six minutes past eleven o'clock in the afternoon.

Respectfully submitted,

Lauren Chase-Rowell
School District Clerk

The State of New Hampshire

To the Inhabitants of the School district in the town of Barrington
qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the
12th day of March 1985, at 10:00 O'clock in the fore noon,
to act upon the following subjects:

- 1. To choose a Moderator for the coming year.
- 2. To choose a Clerk for the ensuing year.
- 3. To choose a Member of the School Board for the ensuing three years.
- 4. To choose a Treasurer for the ensuing year.
- 5. To choose Auditors, and all other necessary officers and agents for the ensuing year.

Given under our hands at said Barrington this seventh day of January 19 85

TENTATIVE

To the Inhabitants of the School district in the town of BARRINGTON
qualified to vote in district affairs:

You are hereby notified to meet at the TOWN HALL in said district on the
18th day of March 1985, at 7:30 o'clock in the afternoon,
to act upon the following subjects:

1. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
2. To see if the School District wishes to authorize the School Board by and through a committee to conduct a search for a minimum of twenty (20) acres of land to satisfy the future construction/space needs of the District, said committee to report back to a Special School District Meeting with purchase recommendations, and further to authorize and direct the School Board, prior to said Special School District Meeting, to acquire an option or options on suitable parcels of land in accordance with terms and conditions which the School Board deems necessary and appropriate, and further raise and appropriate the sum of ten thousand dollars (\$10,000) to be used for the acquisition of said option, soil analysis, legal research, site preparation and all other matters in connection therewith.
3. To see if the School District wishes to raise and appropriate the sum of five thousand dollars (\$5,000) for the purpose of retaining a consultant to conduct a space utilization study of the Elementary School.
4. To see if the School District will vote to authorize the establishment of a cooperative school district planning committee to study the advisability of establishing a cooperative school district with Barnstead and/or Nottingham in accordance with RSA 195:18.
5. To see if the School District will vote to increase the Barrington School Board from three members to five members, said new members to be elected at the 1986 School District elections for a two year term and a three year term respectively.
6. To see what sum of money the School District will raise and appropriate for the support of schools, for the salaries of School District officials and agents, for capital construction, and for the payment of statutory obligations of the District.
7. To see if the School District will authorize the School Board to make application for and to receive and expend in the name of the School District, such advances, grants-in-aid, or other funds for educational purposes as may now or thereafter be forthcoming from the United States Government, and/or State agencies; private agencies; and/or other sources in accordance with the provisions of RSA 198:20-b.
8. To choose agents and committees in relation to any subject embraced in this warrant.
9. To transact any other business which may legally come before this meeting.

FOOD SERVICE PROGRAM REPORT1983 - 1984

During this past year, I have attended numerous workshops with the NHSFCA and State Department of Food and Nutrition Service. These workshops focused on the Type A meal pattern, its requirements, changes and new concepts other schools in the National Program exchange with each other.

Our Breakfast Program was introduced to the Barrington Schools three (3) years ago. We have found this program beneficial to the students. Children come into the cafeteria directly from their busses, and enjoy eating breakfast in a relaxed, unhurried atmosphere. We serve breakfast to over 100 students daily. Some of the older children purchase two or have breakfast at home, arrive at school and find they are still hungry and will come in to eat breakfast again.

Our Lunch Program participation has increased considerably. We are serving approximately 80% of the students daily. Offering the students choices of menus (soup and sandwich lunch, chef salad lunch or regular hot lunch) has I feel, attributed to this. This supplement gives the students greater variety in choosing their noontime meal.

The program menus are prepared from "scratch recipes" rather than the ready-to-serve products on the market today. Using this method we can control salts, fats and unnecessary additives in our children's diets as well as keeping the cost per plate to a minimum.

In the Middle School the eighth grade Home Economics students have been planning, preparing and serving the lunches for both Elementary and Middle Schools. One day each month a unit (18 students) is responsible for the entire operation for one day. In addition to planning a nutritious and attractive meal in class, they prepare, serve and clean-up with the supervision of cafeteria staff. This experience provides greater understanding of the Hot Lunch Program and nutrition and instills the pride of accomplishment. We have been very proud of the positive attitudes

shown by the students and the satisfaction they have found in a job well done. The entire cafeteria staff have enjoyed working with these students and look forward each year to new students involvement in the Food Service Program.

In the Elementary School students are preparing class menus with the help of their teachers. Students may then submit to the Lunch Manager a balanced menu that they would like to have served. On that day they may help prepare and serve this meal. We hope to have parents come in and have lunch with their children.

Students at the Elementary School may purchase a morning snack at recess consisting of several choices such as crackers with peanut butter, fruit slices, milk, juice, hot cocoa and Yogurt.

Recently the School Board approved the purchase of a Stainless Steel Preparation table for the Elementary School kitchen from the program funds in an effort to utilize limited space in this facility.

Again this year, with the approval of our Principal, Mr. Bernard L. Mason, we have developed a program for Special Education students to work in the cafeteria serving meals. When these students work in the cafeteria, they are reimbursed on Fridays as a payroll type bookkeeping procedure that the students handle themselves. This includes counting money, making change, signing receipts, learning responsibility, reading schedules and following directions. This program has been very successful for the students.

I have enjoyed working for the Barrington School District as Director of our Food Service Programs and will continue to improve these programs through workshops and various types of information and literature offered by the State Department of Food and Nutrition Services and NHSFSA.

I wish to express my thanks to my staff: Mrs. Janet Letendre, Mrs. Chris Fogg, Mrs. Pat Minor, Mrs. Bev Heffernan, Mrs. Sue Dombroski, Mrs. Donna True, Mrs. Gail Lavoie and to Mr. Mason and Mrs. Rice for their assistance and support.

Carmelle Morrison
Food Service Director

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and citizens of the Barrington School District:

As of October 1, 1984, the enrollment in the Barrington Schools was distributed as follows:

GRADE	R	1	2	3	4	5	6	7	8	TOTAL
Elementary	16	75	69	79	47					286
Middle School						72	59	74	66	271
	16	75	69	79	47	72	59	74	66	557

In addition the Barrington School District transports the following numbers of pupils to the Spaulding High School under the provisions of a ten-year tuition contract:

GRADE	9	10	11	12	TOTAL
	62	44	26	37	169

This does not include the 104 tuitioned to Area Vocational and other schools.

When school opened in September, 1984, the Elementary and Middle Schools were organized as follows:

During the past year we have seen continuing discussion concerning the present state and future direction of public education. The deluge of national reports, newspaper articles, discussion programs and major state reform proposals concerning education have occupied a prominent position in the media. During this period of time we have continued a process of refining goals and objectives for the Barrington School District, conducting an ongoing curriculum review focusing on the areas of social studies, math, gifted and talented and computer education, and evaluation of present planning and teaching techniques.

The continued progress of the Summer Institute program for a second year under the supervision of Assistant Superintendent Worthley has been an especially gratifying development. I full expect the Summer Institute-85 program will involve an in-depth evaluation project conducted in conjunction with the Department of Education, University of New Hampshire at Durham. Mr. Worthley and I strongly believe School Administrative Unit

#44 may be on the cutting edge of a movement in public education to re-introduce thinking skills. As Edward DeBono states in his article entitled, CRITICAL THINKING IS NOT ENOUGH published in the September, 1984 issue of EDUCATIONAL LEADERSHIP, "More and more schools in Canada, the United Kingdom, Eire, Australia and New Zealand are teaching thinking." School Administrative Unit #44 is one of the first School Administrative Units in the State to provide such experiences for its students. It is extremely important we continue our commitment to this program.

As I have stated in previous reports, it is generally agreed effective schools must usually have five factors associated with them; building leadership, instructional leadership, a pleasing school climate, implied expectations of students and an effective monitoring system. We have continued to work closely with the principals and faculties to continue these characteristics and to improve and enhance professional growth activities. We have strongly encouraged principals and teachers to enroll in college courses, attend conferences and join state, regional and national professional organizations such as the New England Reading Association and the Principals Center at Harvard University.

A review of the Science Research Associates achievement test results convey a continuation of student growth in such areas as math, language arts and reading. Barrington has consistently registered above National and School Administrative Unit norms as a result of this annual evaluation process. In fact, Barrington has consistently been one of the top three achieving districts in the Unit on the basis of the Science Research Associates results. Primary grade scores have shown markedly strong patterns. We will continue to focus on the development of a variety of effective program evaluation procedures.

I respectfully urge you to give serious attention to the recommendation contained in the Study Committee report. While every individual may not be in total agreement on some recommendations, it is quite evident the Committee has spent considerable time and effort in researching and debating the issues confronting the District on both a short and long term basis. Comprehensive, indepth planning tends to result in better decisions. As you debate the issues this year, I believe you can be both proud and thankful with the caliber of civic participation and involvement displayed by members of the Committee.

One of the major areas of public discussion is the issue of how we finance our schools. As many of you are aware, the Legislature is in session this year and one of the major pieces of legislation to be debated this session deals with the consolidation and reform of four current State Financial Aid programs for school districts known as the Augenblick Plan. This Plan provides for the consolidation of the current Foundation Aid, Sweepstakes, Direct Special Education and Business Profits Tax support programs. In addition to the consolidation of these four Financial Aid programs, the Augenblick Plan proposes an equitable method of distributing State funds to school districts. However, in order to fully implement the Augenblick Plan, the State must provide an additional 14 million dollars. If the Legislature passes the Augenblick Plan and the necessary 14 million dollar appropriation, the Barrington School District would receive over and above its current State revenue of \$123,892, the additional sum of \$122,281. I believe the implication for property tax relief is obvious. I strongly encourage all citizens to contact their Legislators and urge the adoption of these measures.

The School Administrative Unit staff has continued to provide support and assistance in such areas as business management, special education coordination and supervision, negotiations, curriculum development and staff development programs.

Once again, we wish to express our appreciation to the members of the school board, principals, teachers, pupils and citizens for the cooperation exhibited during the past year. We look forward to a long and productive relationship in which our mutual goals will continue to be the best possible education for our young people.

Respectfully submitted,

BARRY L. CLOUGH
Superintendent

REPORT TO THE BARRINGTON SCHOOL DISTRICT

There is no argument that Barrington is a town undergoing change. Your school system is also undergoing change and most of it is positive. The members of your school board wish to take this opportunity to highlight some of these changes and try to put them in perspective.

Some years ago, the Barrington School Board announced the philosophy of returning to basics to assure that our students had the necessary foundation for greater achievement in their lives. The voters of the district should be pleased to note that this emphasis is paying off. Barrington students, on average, consistently score above the national norm and at or near the top in SAU 44 on the standard achievement tests. This is especially true in the elementary grades.

This emphasis is also evident in other programs. We participated in the Summer Institute for the second year. Four teachers and 15 students took part in this exciting project which emphasizes critical thinking skills and creativity. The Odyssey of the Mind program is another where our students are exposed to new ideas and develop new skills in an environment rich in opportunity for the individual. On the local level there are scores of activities to supplement classroom studies. The Computer Club, the French Club, Junior Great Books, and many others are designed to wet the students appetite for learning and make the students school days fun as well. Your current board established a policy to reduce class sizes from upwards of 35 students per classroom to levels which are more conducive to good education. It was not an easy task when faced with our space constraints. The administration and staff worked many hours to solve the problems associated with such a change in policy. The result is noteworthy. We achieved our goal and have provided a much better educational environment for our students.

We must mention the fine performance of our teachers and staff. Morale is high and the current board enjoys an excellent relationship with the staff. Our turn over is low and we are able to work in harmony for the benefit of all the students in our schools.

Over the past several years your school boards have worked hard to achieve full compliance with state standards for elementary and middle schools. For the 1984-85 school year, these discrepancies have been reduced from a long list to one relating to the library. Action is underway to rectify this discrepancy and we look forward to full compliance soon.

We know the majority of the town's taxes go to support our schools. As taxpayers, we share your desire to keep the tax rate as low as possible while still providing quality educational services to our children. One yardstick we use to check on our expenditures is comparison with the rest of the state. The average per pupil cost for elementary students in New Hampshire is \$2,147; our cost is \$1,455.12. We rank 144 out of 155 districts or, in other words, only 11 elementary schools in the state spend less than we do per pupil. At the middle school level the state average is \$2,364; our cost is \$1,462.34. We rank 26 out of 26 middle schools.

A large part of our budget is expended to meet the needs of students with special needs. Your school board maintains an aggressive cost containment

effort regarding Special Education expenses. As a rule, out of district placements are very expensive. Part of our effort is to serve our special needs students locally whenever possible. It proved cost effective to fund a full time guidance counselor this year and return students to our schools from regional programs.

As an adjunct to this cost containment effort, we requested an evaluation of our in-house special education programs by the Strafford Learning Center, our regional special education agency. The staff of the center worked at length with our administration and staff to analyze our programs.

As of this writing their final report has just been received and is being evaluated for further action. We feel certain that the result will be a more responsive program, with better control and, in the long run, better use of our resources.

The growth in the cost of our educational systems is a tremendous burden. We regret these increases but have little control over most of these costs, especially in the case of special education. We are firmly convinced that some kind of alternative funding is required for our school systems if we are to maintain our level of achievement and services. We urge the voters of the Barrington School District to express their support for alternative funding proposals currently before the legislature.

We would be remiss if we did not comment on the exceptional performance of your Space Needs Committee. They proved to be a dedicated, tenacious, hard working body with a sincere interest in conducting an in-depth investigation of our problems and potential solutions. Although their final report is not available when this is written, the board is unanimous in endorsing their preliminary recommendations, with one exception. The board majority feels the library should be kept in its present location.

We close this report with one final thought. You, the voters of district, have every right to be proud of your schools. But schools are too important to be left to the educators. We urge you to become involved in your schools. Please attend the district meeting and share in the decision making process.

The Barrington School Board

Richard D. Bottom
Heather Carney
Peter Paiton

1983 - 1984

To the School Board and Citizens of the Barrington School District

The Barrington Schools opened on September 5th with a "shift" in grade populations which required some changes in the organization of both schools. In order to accommodate the first grade students at the Elementary School, a small room which previously was used for special education became a classroom for fifteen first graders. A Special Education class and Chapter I were relocated in other areas of the building making use of what had been a kitchen work/storage facility. The "shift", also felt at the Middle School required the installation of a modular unit providing much needed space for two additional classrooms. These classrooms have made it possible to have a third section of sixth grade, lowering the teacher/student ratio and providing space for a third special education class as well as an area for remedial reading students. In order to provide for these needs, dividers were installed in the room housing the Special Education and Remedial Reading programs. The enrollments at both schools continues to fluctuate with 293 at the Elementary School while 270 are enrolled at the Middle School.

An ongoing educational goal of both schools is to develop and maintain programs which benefit students with varying learning styles as well as abilities. In order to achieve this goal, the core curriculum is constantly being updated and improved. New resource materials as well as additional computers are located in the Library/Media Center and are available to all students. The on-going enrichment strand consists of the Jr. Great Books program under the direction of Barbara Hayes and the Young Authors Creative Writing program under the direction of Karen Schuster and Frances Cram. Math-a-lons provide an opportunity for students at the Middle School to participate competitively against other math teams in our area, and both schools will again have teams entered in the Odyssey of the Mind competition. The Artist in the Schools program will host folklorist, Linda Morley, in conjunction with a grant from the N. H. Commission of the Arts. Also, a Foreign Language Club has been established for students in grades three and four. The Summer Institute for Critical Thinking Skills involved not only Middle School students but also staff members from both schools. The development of creativity is stressed at all grade levels in all areas of the curriculum and in music and art as well.

Many extra-curricular activities are planned and supervised by dedicated staffs at both schools, and they are to be commended for their efforts. The Middle School students have the opportunity to participate in inter-scholastic and intra-mural athletics and to take part in musical and dramatic productions. The Elementary students have the opportunity to participate in seasonal concerts and the gymnastics program.

A full time guidance counselor has been added to the Elementary and Middle School staffs. Having the services provided by Walter Hart has prevented some Special Education students requiring counseling from being placed out of district as well as allowing for the return to the local school setting for others.

We are extremely appreciative of the support given to the schools by the people of Barrington. Their attendance at concerts, Open House, special events and musicals is important to the students and the staff. We would also like to thank Dave Zakon and Jean Cioffi, co-ordinators of the volunteer program. Our sincere thanks to all the volunteers who give so freely of their time to assist not only in the classrooms but on field trips and at special events.

B.E.S.T. (Barrington, Educators, Students and Townspeople), continues to play an important role in the Elementary School. We would like to thank Sid and Anne Kotlus, co-chairpersons and the members of B.E.S.T. for the contributions they have made to our school programs.

Page (2)

The educational atmosphere in our schools is one of caring, and many people contribute to this feeling. We would like to recognize and thank our highly dedicated and skilled secretarial, custodial and cafeteria staffs. We also wish to thank our School Board members, Mr. Richard Bottom, Dr. Heather Carney and Mr. Peter Paiton for their dedicated service and interest in the education of the students in Barrington.

We wish to thank the SAU #44 administrative team of Superintendent Barry Clough, Assistant Superintendents, Leon Worthley, Eugene Roddy, and Special Education Coordinator, Paul Campella for their continued interest, support and guidance. We sincerely appreciate their educational leadership.

Above all, we wish to thank the highly professional and dedicated staffs of both schools who work so diligently and cooperatively with us. Their hard work and sincere efforts are of a great benefit to our students and to our school.

It is a pleasure to serve the community of Barrington. We appreciate the support and cooperation that we receive from the people. We sincerely hope that you will continue to call on us at any time we can be of service to you.

Respectively submitted,

Bernard Mason, Supervising Principal
Constance Rice, Assistant Principal
Barrington Schools

SCHOOL NURSE REPORT1983 - 1984

As school got underway in September, I was very busy with health screenings. I started in the elementary school and continued through the middle school. Screenings included height, weight, vision, dental, hearing, nutrition and immunization updates.

I am very pleased since the new immunization laws, most children are up to date and new enterers have had complete and accurate records. Some students were transported to the Congregation Church for needed immunizations, sponsored by the Rural District Health Council. This year the number was very small.

This year all schools were sent a letter from the Department of Education, stating that Scoliosis (curvature of the spine) screenings will be required on all students grades five through eight, beginning the 1984-85 school year. Approximately two-thirds of all N. H. schools have currently provided this screening and Barrington has been screening for several years. The screening procedure is a simple one in which the school nurse looks at the child's back in a standing position and the forward bending position and observes for any curvature. All questionable defects are reported to parents and asked to make an appointment with their family physician.

The Department of Education will be providing training sessions for all school nurses who have not been involved in Scoliosis screenings. I have attended screening sessions in New Hampshire and Vermont. This year there were no new referrals.

Hearing tests resulted in seven (7) elementary and six (6) middle school students with hearing problems and all were referred to parents for possible correction.

All students were tested for vision. This year a new slide was available to test students for near vision. There were eight (8) elementary and seventeen (17) middle school students referred.

Ninety-nine percent of all elementary school students participated in the Fluoride Rinse Program once again this year. This is a most important program and I am pleased to see so many participating.

This year there seemed to have been a virus that swept through all classrooms. The virus appeared to stay with us all through the school year. Many days 10-12 students were sent home with the same symptoms. Pneumonia also affected many students and faculty.

In the spring chicken pox prevailed affecting 75 elementary and 5 middle school students. Strep throat was also a large problem, spreading from student to student and including faculty. Any student found to have symptoms of any communicable disease or condition which can easily pass from person to person must be sent home immediately to prevent further spreading.

Once again this year we had only a slight problem with head lice, scabies, impetigo or conjunctivitis. An average day brought many students to the office in each school. Most visits were for minor illnesses or injuries, with the exception of four (4) elementary and six (6) middle school students being injured seriously enough to seek medical or dental attention. Injuries included sprains, strains, lacerations, sutures, injured teeth and bruises.

Pre-school screenings were done this year on fifty-nine pre-schoolers. Screenings included heights, weights, hearing and vision. Parents were interviewed in regards to the child's medical history, nutrition, dental care and immunization requirements and physical exams requirements for students to attend Barrington schools.

Health teachings were done in both schools through cooperative efforts of the teachers and school nurse. Many parent conferences were held and some home visits were made. I attended workshops and seminars on Alcohol/Drug Abuse Prevention and Smoking Cessation School Education. I also had the opportunity to tour the Berlin Meddack Hospital in Berlin, Germany this summer.

Many thanks to parents, faculty and school board members for their cooperation, help and understanding in making this a most productive and extremely busy year.

Respectfully submitted,

Carol Edmunds, R.N.
Barrington Schools Nurse

Report of School Auditors for 1983-84

Barrington School Board
Barrington, N. H.

Gentlemen and Lady:

This letter will inform you that Lynda Sanders and I have completed our mathematical audit of the School District books as furnished to us by your treasurer, bookkeeper, and lunch manager, and find them correct.

As always, your treasurer's books are excellently kept. Your bookkeeper seems to be doing a fine job of keeping the books to meet the requirements of the State Board-- no small job. She is a pleasant person, and most cooperative with us. Her system of filing bills and manifests makes the auditing much easier. The lunch accounts appear to be in good order, and has the program well in hand.

We are concerned that the district has for several years ended the year with such a large surplus, and would recommend that you make an effort to bring your budget proposals for the coming year more closely in line with what actual expenditures will probably be--- not an easy task! One item I have noticed is that I do not seem to see listed in your proposed revenues, PL-16 in the 1983 Town Report, any item of proposed savings bank interest which has been a tidy sum for several years, thanks to your treasurer's management.

We also feel concerned about your keeping your current year books open for so long into the next year. Sixteen days appears to be at least a little too much.

Since your appropriation is always labelled for the current year, we question that a true picture of the year is presented if bills for the ensuing year are paid from the current year's moneys, and would advise your looking into this matter.

These concerns are offered in the friendliest spirit, and appreciation of your difficult job of managing our educational system; however, it seems certain that they would be considered in the event of an audit by State or professional auditors.

Very truly yours,

Dorothy W. Berry
Lynna L. Sanders

September 8, 1984

REPORT OF THE BARRINGTON SCHOOL STUDY COMMITTEE

Our committee of 16 volunteer members, mandated by the voters at the School District Meeting of March, 1984, has invested substantial time over 10 months assessing the problems outlined in our charge. We looked at a broad spectrum of solutions ranging from double sessions to off-site sewerage disposal to tuitioning 8th graders and at least a dozen other options.

After an in-depth look at the population projections supplied us, we realized that our decisions and recommendations were based on information which had statistical merit but lacked plain old common sense.

Our earlier work, however, was not fruitless. We were able to look at an extraordinary number of options, evaluate them carefully and arrive at what we believe to be sensible conclusions. Our current recommendations are not substantially different from our earlier ones. The important difference is the time we have in which to implement them.

The most significant thing we discovered in re-evaluating the basic assumptions was the fact that there is not a direct relationship between general town population growth and growth in school enrollment. We have provided a number of graphs and charts to illustrate this point. The original figures provided to the committee fail to recognize this important point and thus produce enrollment projections that are much higher than what we believe the realistic numbers should be.

Does this mean that school enrollment will not increase, or that we do not have a problem that requires a solution? Certainly not. What it does mean is that we have a somewhat enlarged time frame in which to solve our problems.

Committee members are of two minds with regard to our present situation. Some members believe our existing schools are overcrowded, and some believe there is room for modest growth. The compromise position on which we were able to agree is that the schools are full - that is, at or close to capacity.

If the population patterns of the previous five years were to remain the same in the near future, then it is our opinion that we have approximately three years in which to create and implement a plan for new school construction.

We realize there is no way to truly foresee the future, but we have attempted to put together a plan of action which, if enacted, will allow Barrington to reorganize its school system in a well planned and cost effective manner.

PROPOSALS OF THE BARRINGTON SCHOOL STUDY COMMITTEE,

1. The Committee recommends that the School Board place a warrant article before the Annual School District Meeting to see if the voters will raise and appropriate the sum of \$10,000 to purchase an option on a parcel of land for future school construction and to provide for necessary engineering.

The acquisition of a suitable building site is the first step in what should be an orderly planning program for the construction of a new school. The site would be chosen with a variety of criteria in mind including: access without major road construction; the ability to expand over the next 25 years as growth demands; adequate drainage to accommodate expansion; minimal investment in site work for playing fields, etc. We would expect the School Board, or a Site Search Committee appointed by the Board, to option a suitable site within six months of the appropriation of funds.

It should be assumed that a purchase price of \$100,000 would be a maximum sum, and that the actual cost, if any, will reflect the size of the parcel, its location, and other factors which could lead to spending substantially less than the appropriated sum.

This recommendation reflects a conscious choice between short term investment at our present site and long term investment at a new site.

We would remind the voters of three things: (1) decisions made in the heat of crisis are seldom well made; (2) there is no rational reason to believe that land prices will decline at any time in the immediate future, and are, in fact, likely to increase; and (3) in the unlikely event that our school population should decline, the land may be placed back on the market to recoup our investment...in all likelihood at a profit.

We believe that this recommendation constitutes prudent planning, and will serve our town's needs into the early part of the next century.

2. The Committee recommends that the School Board immediately make preparations for the utilization of the land which will be purchased for the construction of a new school.

Within six months of the purchase of an option, the Board, or an appointed committee, would complete the process of site design; soil surveys, charting of future utilities, location of buildings, drives, parking, and playing fields, etc. In short, developing a Master Plan for future land use. Concurrently, work could be done on developing a design of core facilities and plotting location of possible classroom expansions. The intent is for us to be prepared to build within a short time after realizing the need, and to be aware of the problems associated with the site.

3. The Committee recommends that the possibilities of a Cooperative School District be actively pursued.

We recommend the formation of a Cooperative School District Planning Committee under RSA:196 to investigate the formation of a Cooperative School District. RSA:196 is a law that legally empowers the committee to work with other interested towns toward the forming of a new school and the betterment of our collective students' education, possibly offering them more at less cost than if we tried to do it on our own. Without this legal committee, a Cooperative School District cannot become a reality.

4. The Committee recommends that the School Board yearly update the school population projection graphs as presented by this committee, and report their findings at the Annual School District Meeting.

If this recommendation is implemented, it will require the School Board to provide to the Annual School District Meeting updated enrollment graphs as well as updated demographic data as contained herein. Enrollment graphs will contain projections, by whatever method the School Committee deems appropriate, for a minimum of three years into the future.

These graphs and data will give the voters at the School District Meetings some basic historical information as a foundation for making the necessary decisions called for by the projected enrollment figures, while the three years of enrollment projections will give the school district the minimum lead time required for change to the physical plant.

5. We recommend that the School Library be relocated, possibly to the Town Library in the Town Hall.

The relocation of the School Library would make available one additional classroom at the Middle School without creating the need for new construction or the use of a modular unit.

6. We recommend that the School Board be increased from 3 to 5 members.

The Study Committee has found how time consuming this work is. If the Board were larger it would make it possible to subdivide for special studies as needed. Also, the additional members would give a broader perspective to issues at hand.

7. The Committee recommends that the School District raise and appropriate the sum of \$4,000 to hire a professional consultant to provide documentation for improving space utilization of the Elementary School.

While the Elementary School has a crowded appearance, the actual space per pupil is within State recommendations. We believe the reorganization of storage and classroom spaces could, without major modifications, result in improved space utilization.

8. The Committee recommends acquisition of the Town Hall for use as part of the School System at some future date.

Since the Town Hall building is on an abutting lot to both the Elementary and Middle Schools, and it has the gymnasium used by the school, it makes sense that this building become part of the school properties at some future time. The advantages would be:

1. additional space for special needs students
2. full time availability of the gymnasium
3. possibility of being used for state-mandated kindergarten
4. centrally located

IN SUMMARY:

The overall intent of our recommendations is to set the stage for an orderly transition from our present situation to one in which the top of the hill becomes completely elementary and a new Middle School is constructed at a new site suited and planned for expansion.

We have specifically avoided adding to our present schools for several reasons. An addition would require pumping sewage to an off-site location. An addition would only be adequate for the next 5 to 7 years, and it would then become impossible to make any further additions. If, as seems likely, we would then have to build a new school at a new site sometime early in the 1990's, it makes more sense, in our opinion, to invest our money at one location which is capable of being expanded over a long period of time to meet the needs of our community as they arise. Further, we believe that the debt burdens created by an immediate addition to our present schools, coupled with new school construction beginning in the early 1990's, would produce unacceptable tax rates.

In order to deal with short term problems, we have made some modest proposals that require minimum capital investment:

Our recommendation #7 - to allocate funds to hire a professional space planner - assumes that some effective reorganization would provide significant relief at the Elementary School. Others should note that we have made no provisions to fund implementation of space reorganization.

Recommendation #5 - to move the School Library to some location at the Town Hall, possibly at the Town Library where it previously was - will free one complete classroom at the Middle School. We realize that this idea is fraught with political complications and has drawbacks from an educational perspective, but it is an interim measure to get us through to the point of a completed building program.

Our Committee represents an unusually broad cross section of our community. At the start there were many personal agendas, from cutting taxes to immediately adding to the Elementary School. We think we've looked very carefully at the choices and their implications. In the end, it is Barrington's peculiar pattern of population growth that has led us to make relatively conservative

recommendations. We hope that the School Board and the voters will find them to be measured and responsible.

Respectfully submitted,
